## **Introducing George Fox College . . .**

A college is primarily people—people who study and share together. People and their interactions are not easily communicated in a catalog. However, something of the purposes, programs, and procedures of the college may be noted in this catalog.

## **Please Introduce Yourself . . .**

The best way to assess the college is to visit. Introduce yourself by a letter or telephone call, and our admissions team will arrange a visit, a tour, and perhaps an overnight stay. Offices are open 8:00 a.m. to 5:00 p.m. on Monday through Friday, except for special days, and on Saturday from 9:00 a.m. to noon. An admissions counselor is available for western states to visit your home, school, or church.

# Why a Christian College?

## A FOREWORD TO STUDENTS

Because you and your future are of prime importance. C. S. Lewis, formerly of Oxford and Cambridge Universities, states that all moral concerns may be identified under a threefold analysis of a ship in a convoy: one, the mechanical condition of the ship itself (Is the ship capable of the sailing?); two, the relation of the ship to the convoy (Is the ship capable of the group function?); and three, the ultimate destination to be achieved (Where is the fleet attempting to go?).

Education has the same three concerns, or should have, for education is essentially a moral enterprise. Consider the ship itself or the individual. Vocational education features economic independence and skills to contribute to society. Liberal arts education stresses liberating from ignorance, provincialism, and materialism to a maximum personal potential. George Fox College accepts both as important.

Consider the ship in convoy. Some education ignores the convoy and says, "do your own thing." Other education (indoctrination, training) may lead to a complete bondage to expectations of the group. The Swiss Christian psychiatrist, Dr. Paul Tournier, has written a book titled *The Whole Person in a Broken World*. The title suggests this second purpose of education, which is to build toward personal wholeness while engaged in restoration of a broken society.

Consider the purpose of the sailing. What is the meaning of human life? For what is man? If the educational concentration is solely on the functioning of the ship and the maintenance of the convoy but with despair or confusion toward values and objectives, then that education is not only secular but partial.

"Putting it all together" has long been the rationale of the Christian college. "The mission of the evangelical college is nothing less than to make known the whole truth for the whole man for new life in a new world," states Dr. Carl F. H. Henry. "The overall purpose of the evangelical college, as a distinct type of institution, is to present the whole truth, with a view to the rational integration of learning in the context of the 'Judeo-Christian' revelation, and to promote the realization of Christian values in student character."

Ambitious? Of course, but if the facts are straight and you have but one life to live, then the attempt is obligatory. Idealistic? Right again, but certainly within the range of human effort. It is this "ethical excitement" that can give new dimensions to your college experience. Learning and Christian faith in a creative harmony spark George Fox College. The educational validity is guaranteed by a faculty half of whom have earned doctorates. The Christian authenticity is maintained by a critical but supportive student body.

# The College

## CHURCH RELATIONS

Early Quaker settlers in the Willamette Valley of western Oregon founded Pacific Academy at Newberg in 1885. Six years later, more advanced education was also provided by the establishment of Pacific College. Pacific Academy was discontinued in 1930, and Pacific College was renamed George Fox College in 1949, honoring the founder of Quakerism.

The college is governed by a Board of Trustees elected by Northwest Yearly Meeting of Friends Church, which has historically emphasized: the necessity of a genuinely experiential religious faith, the spiritual nature of the ordinances, the importance of peacemaking and responsible social action, and the freedom for individuals to exercise liberty of conscience. With other Christians, the college holds the great, historic truths of Christianity including: the deity of Jesus Christ, the authority and inspiration of the Holy Scriptures, the necessity of salvation for man, and the present ministry of the Holy Spirit.

Denominations other than Friends support George Fox College. Denominations represented with enrollment of ten or more students include in order: Evangelical Church of North America, Baptist, Free Methodist, Presbyterian, United Methodist, and Nazarene. The college welcomes people regardless of "race, color, or creed" who wish to pursue the values stated in this catalog.

## ACCREDITATION AND MEMBERSHIPS

George Fox College is accredited by the Northwest Association of Secondary and Higher Schools, and by the Oregon Board of Education for the preparation of secondary teachers in specific fields. It is approved by the Oregon State System of Higher Education for the training of elementary teachers in conjunction with the Oregon College of Education in a joint-degree program, by the Federal Government and the State of Oregon for the education of veterans, by the United States Attorney General for the admission of alien students, and by the American Association of University Women.

The college holds memberships in the Association of American Colleges, the Association of Schools of Religious Education, the Council for the Advancement of Small Colleges, the Friends Council on Education, the Association of American Friends Colleges, the College Entrance Examination Board, the College Scholarship Service, the Northwest Association of Private Colleges and Universities, and the Oregon Independent College Association.

## KOTZEBUE CENTER

The outreach of George Fox College education has extended north to the Arctic Circle with the development of an extension cam-

pus in the Eskimo community of Kotzebue in northwest Alaska in 1972. The Kotzebue Center program of extension classes was organized in cooperation with Alaska Yearly Meeting of Friends, an indigenous group of a dozen native Eskimo churches, and Alaska Friends Mission and Friends Bible Training School sponsored by California Yearly Meeting of Friends.

The program utilizes selected college faculty personnel in miniterm concentrated class schedules, providing liberal arts college credit in the Eskimo community. Supplementing the class schedules are several programmed courses by electronic audiovisual self-instruction and possibilities of credit by examination.

## **CONSORTIUM**

George Fox College is associated with Warner Pacific College of Portland in a limited consortium incorporated as the Associated Christian Colleges of Oregon (ACCO). As cooperative programs are adopted, both campuses are assisted in economies, efficiencies, and academic betterment. A bibliographic center sponsored by ACCO makes the holdings of five small college libraries available to each campus, virtually on a daily basis. Other general areas of cooperation include: curriculum, academic supporting services, and operational management and administration.

## **EDUCATIONAL PHILOSOPHY**

The George Fox College program is set within the framework of Christian higher education and aims to provide liberal arts and

preprofessional training in a setting that is vitally Christian, intellectually vigorous, socially wholesome, and physically healthful. It is assumed that sound scholarship and Christian faith and experience are mutually interdependent and meaningful, and that sound education must correlate these in the growing experience of the student. High scholastic achievement is to be combined with Christian faith and culture in the development of citizenship and leadership for family, church, and state in a democratic society.

## **COLLEGE OBJECTIVES**

In harmony with its philosophy of education, George Fox College has identified institutional objectives that provide academic, religious and moral, and social needs:

1. Teach all truth as God's truth, integrating all fields of learning around the person and work of Jesus Christ, bringing the divine revelations through sense, reason, and intuition to the confirming test of Scripture. "All scripture is inspired by God and profitable for teaching, for reproof, for correction, and for training in righteousness, that the man of God may be complete, equipped for every good work." (2 Timothy 3:16-17)
2. Support academic programs that liberate the student for a life of purpose and fulfillment through an awareness of the resources of knowledge and culture available to him; maximize career-oriented education through counseling, curriculum, field experience, and placement.
3. Maintain a program of varied activities that directs the student to a commitment to Christ as Lord and Savior, encourages attitudes of reverence and devotion toward God, leads to recognition that the revealed commandments of God are the supreme criteria of the good life, enables the student to mirror the example of Christ in human relationships, develops a greater desire to serve mankind in a spirit of Christian love, and brings the student to a life of

obedience to "the law of the Spirit of life in Christ Jesus" that will set him morally free (Romans 8:2).

4. Provide a center for Quaker leadership where faculty and students learn the history and Christian doctrines of the Friends movement and make contemporary applications of these insights.

5. Give leadership to evangelical Christianity generally, through scholarly publication, lecturing, and by evangelistic and prophetic proclamation and service.

6. Promote cocurricular activities that will emphasize the development of leadership, initiative, and teamwork by giving opportunity to make practical use of the skills and ideas acquired through academic courses.

7. Make itself a community in which studies and activities are made relevant to life, develop insight into social and political issues confronting mankind, and learn to participate democratically in decision-making and policy-implementing as responsible citizens.

8. Serve as a cultural center for all publics of the college and sponsor programs that are informative and culturally stimulating to the larger college community.

## CAMPUS FACILITIES

George Fox College is located on a 90-acre campus in a town of 7,700 a half-hour freeway drive from Portland, Oregon. Fifteen buildings have been constructed or remodeled in the last twelve years.

*Wood-Mar Hall* contains the administrative offices, the chapel, religion faculty offices, and computer center.

*Minthorn Hall* is the only first-generation building yet in use. Completely remodeled and refurbished in 1962, it houses classrooms and offices, a curriculum library for teacher training, and an audiovisual center.

*Brougher Hall*, erected in 1947 and remodeled and enlarged in 1959 and 1961, con-

tains physics laboratories, mathematics and art classrooms, and a shortwave radio station.

*Hester Memorial Gymnasium* has a collegiate-size floor, game room, body-building room, dressing rooms, and offices for both men's and women's physical education.

*Shambaugh Library*, dedicated in 1962, is built to house 50,000 volumes on three floors. Its features include study carrels, rare book collections, microfilm room, music listening room, soundproof typing room, museum, audiovisual auditorium, seminar room, and art and record collections.

*Smith Apartments* has five units for married students.

*Weesner Village* consists of twelve apartments designed for use by faculty or married students.

*Pennington Hall*, built in 1962, is a coeducational dormitory for 100 students. It provides an infirmary, a guest room, a soundproof study room, a central lounge, game rooms, and a deans' apartment.

*Edwards Hall* is a residence hall for women constructed in 1964, overlooking Hess Canyon. It houses 104 students.

*Hobson Hall*, dedicated in 1968, is a residence hall for 74 men.

*Student Union*, built in 1958 and enlarged in 1968, includes a lounge, prayer room, snack area, bookstore, post office, TV room, game room, and offices for the student organizations.

*Heacock Commons*, built in 1964-65, adjoins the Student Union Building and provides a modern dining hall and kitchen.

*Calder Center*, built in the summer of 1964, is the combination of three hexagon modules providing eighteen classrooms for science, home economics, and foreign languages; nine offices for faculty members; and a lecture hall that seats 165 persons.

*Fine Arts Buildings I and II*, constructed in 1947, house classrooms, studios, practice rooms, the music listening lab, the electric piano lab, and faculty offices for the music department.

*Colcord Memorial Field* contains a track, football field, baseball diamond, and hockey field.

*Tennis Courts*, tournament type, were built in 1961.

# **Academic Program**

## **DEGREES**

George Fox College confers two degrees: the Bachelor of Arts and the Bachelor of Science. The differences may be seen on the next pages in the "General Education Requirements" and "Programs of Study." The Bachelor of Arts is conferred upon the student whose major requires foreign language, music theory, or computer languages and statistical procedures as the options in the general education program. The Bachelor of Science degree is conferred upon the student whose major requires mathematics or science as the options in the general education program. Specifically note in "The General Education Program" the subheading, "Symbolics and Tools."

## **GENERAL EDUCATION**

A college program consists of three basic components: general education, the major field, and supporting and/or elective courses. General education is sometimes called a core curriculum or general studies. It is that part of the college experience required of all graduates (although options may be permitted within the programs) and that gives them a common heritage or shared learning.

It is in the general education program that the distinctives of a college are most readily seen, for through these courses the college

hopes to realize its unique contribution to society, higher education, and the individual.

## **MAJORS AND DIVISIONS**

The curriculum includes beyond general education more than twenty majors or concentration areas organized within six divisions. (See the page, "Programs of Study," later in this chapter.) When registering for classes a student may indicate his general area of academic interest and begin study within the framework of this division. By the beginning of the junior year, a student must indicate the specific subject in which he will concentrate during the junior and senior years.

Changes of program from one division to another are difficult to make after the sophomore year and often necessitate additional college work in summer sessions or a delay in graduation. Assistance in determining which division to enter is available from faculty advisors.

## **ACADEMIC ADVISING**

Each student is assigned an advisor by the Counseling Office. This advisor may be changed by request as a student forms natural lines of helpfulness and acquaintance. Various teachers and administrators may serve as resource persons in guidance and counseling.

## **GENERAL EDUCATION REQUIREMENTS**

Total: 64-76 hours

Certain lower and upper division courses in general education are required of all students. The specified courses and the prescribed options listed below provide knowledge and skills in support of cultural perspectives and major programs. As some majors have specified the options stated below, the student should check the "Major Requirements" described for his selected major.

### **Sources of the Common Life      28-35 hours**

- A. *The Biblical Legacy* (one of the following required of freshmen through placement). Literature of the Bible (GE 101, 102, 103) or lower division Bible electives      9 hours

#### C. Religion

6-9 hours

1. Contemporary Religious Thought (R 490), required of all graduates, 3 hours
2. History and Doctrine of Friends (R 360), required of all Friends students, 3 hours
3. Upper division elective (3 or 4 hours) required of transfer students with junior standing who have not taken Literature of the Bible or equivalent.

## Special Considerations

1. Electives may be substituted for general education courses waived by examination.
2. Students in joint-degree programs of elementary education may waive the upper division religion requirement if the lower division requirement has been fulfilled.
3. Although instruction in German is not provided, the student entering with a background in German equal to the college-level second year may through examination complete a portion of the general education requirement.

## PROGRAMS OF STUDY

George Fox College confers two degrees: the Bachelor of Arts and the Bachelor of Science. The curriculum beyond general education is described graphically at right. For greater detail, turn to the catalog chapter for the division of your interest. Teaching field requirements may be found with Division One, Education.

## **INTERDISCIPLINARY MAJORS**

The traditional tracks for majors and minors have given way in a multifaceted world of careers to personalized majors. Several divisions have established cross-disciplinary majors, which are described at the beginning of the division chapters.

If these prove inadequate to the needs of a student, he may propose an arrangement of meaningful experiences under a Liberal Arts major. This cross-disciplinary major consists of a minimum of 66-70 hours with 21 hours from each of three fields related to the student's objectives. Of these hours, 45 must be upper division hours with a minimum of twelve-fifteen in each field, as determined by contract. The student must complete a contract form signed by the advisor, the registrar, and the division chairman most closely related to his professional objectives.

Examples of programs for students who may be served by the liberal arts major are:

1. Economics, political science, and communication arts for a prelaw student.
2. History, literature, and communication arts for a writer.
3. American literature, American history, and political science or economics for an American studies major.
4. Business, communication arts, and Christian education for a Christian publications career.
5. Combinations of religion, Bible, and Christian education with physical education, music, psychology, sociology, etc. for contemporary church vocations.

## **COURSE CHALLENGE PROGRAMS**

Your program may prove more exciting and meaningful and be shortened through one of the Course Challenge Programs.

### **Advanced Placement**

A student who completes a college level course in high school under the Advanced Placement Program sponsored by the College Entrance Examination Board and who receives an acceptable score shall receive advanced placement. Present policy allows advanced placement with a score of three in American History, Biology, Chemistry, European History, French, German, Calculus AB or BC, Physics C, and Spanish. English requires a score of four.

A student with a score of four or five in any of the above fields may petition for college credit. Any student requesting advanced placement with or without credit must petition before the end of the first term in attendance. Accepted students not yet on campus may care for this through the director of admissions; others may contact the registrar.

### **Course Challenge Examination**

A student who believes he has acquired the content of a required or prerequisite course may challenge the course and demonstrate by examination his readiness for advanced work. Upon paying the proper fee and making a satisfactory score, he may be released from the requirement of the course. Since no credit is thus given, he may enrich his total program in his major field or in electives.

### **Credit by Examination**

A student may accelerate his educational goals by taking the subject area examinations or the General Examinations offered through the College Level Examination Program (CLEP).

A maximum of 96 term hours may be earned by the credit-by-examination route. The college approves the courses, prerequisites, and minimum grades acceptable for credit. See the registrar or the testing director for details.

### **Proficiency Test**

A student may register for advanced courses in language, music, Bible, and certain other courses by passing a proficiency test in the area involved. The proficiency tests are usually a part of college orientation, and no special fees are charged.

A student from a non-English speaking nation may fulfill his language requirement by demonstrating proficiency in the English language.

### **Pass-No Pass Policy**

A student with a cumulative GPA of 2.00 or better and who has completed 90 term hours may elect one course per term from an elective or general education course on a pass-no pass basis.

The teacher submits a regular grade to the registrar, who converts the regular grade of "C" or above into pass. A grade below "C" becomes no-pass and must be repeated on a satisfactory level to receive credit.

If a student elects to take a course on a pass-no pass basis, he must indicate that choice to the registrar by the last published date to add a course.

## **INTENSIFIED STUDIES PROGRAM**

The Intensified Studies Program offers to a select number of students an opportunity to seek knowledge more freely and responsibly through a special honors colloquium and through significant projects of independent research. Students with a GPA of 3.25 or better (or any other students by special petition) may apply for participation in the Honors Colloquium, Philosophy 271, 272, 273, with applicants subject to approval by a faculty committee.

Students from the colloquium desiring to do independent study may submit a study plan in consultation with a faculty advisor and approved by the division chairman. Students whose programs are approved shall register for three hours of credit each term (under the 495 or other appropriate course numbering) for research in the Intensified Studies project. Projects that are completed according to the standards of the Intensified Studies Program will be evaluated by the major professor and the director of the program and awarded credit totaling from nine to fifteen term hours. Projects failing to meet acceptable standards shall be noted on the transcript as research but not designated Intensified Studies.

Limited scholarship aid is available, depending partially upon need. A special research grant is awarded to each approved program.

## **INDIVIDUALIZED LEARNING**

Obviously the Course Challenge Programs and the Intensified Studies Program just described are forms of individualized learning.

Another form is programmed instruction. A special lab provides self-teaching machines (Slide Sponder and Sound Sponder) developed by a George Fox professor. This locally-produced instruction using slides and cassette tapes is featured wholly or partially in eleven courses: Freshman Chemistry, General Physics, Earth Sciences, Principles of Sociology, State and Local Government, Basic Spanish, Fundamentals of Music Theory, Literature of the Bible, English Literature, Art, and Calculus. Programs are in preparation (at time of catalog) for Drug Abuse, First Aid, Kinesiology, and Physical Education Methods. Videotape programs involve mirror-teaching, micro-teaching, and field teaching.

Field or off-campus learning experiences are common. Summer or other term projects based on directed independent study are utilized. Note the courses 295, 475, 485, and 495, all of which are curriculum-enrichment provisions to help you realize your objectives. Courses 295 and 495 are independent studies and research, 475 courses involve field and applied learning experiences, and 485 courses are special topics for seminars.

Travel courses are offered periodically. Classes have gone to Europe, Asia, and Africa. Campus visitors from many lands are featured each year, and these comprise a valuable learning resource as students make the effort to meet and discourse with these visitors.

The September Term weeks are a recent development. These miniterms prior to the opening of the fall term permit innovative and experimental learning experiences involving students and faculty plus off-campus resource persons.

## PREPROFESSIONAL COURSES

Any student looking forward to a professional career should remember that every professional course of a technical nature is built upon a foundation of preprofessional courses. Almost all professional schools require at least two years of general college work before admission; some require four years. It is therefore usually true that from two to four years' work may be taken at George Fox College and transferred to the professional school with no loss of credit. To insure accuracy in this matter, a student should request a catalog from the professional school of his choice to use as a guide in selecting preprofessional courses at George Fox College.

George Fox College provides four-year preprofessional education in the science professions (e.g., medicine, psychiatry, research); in the service professions (e.g., ministry, law, counseling); in the business professions (e.g., banking, management); in education on elementary, secondary, and higher levels; and in the performing arts (e.g., music, acting).

The college provides partial preprofessional education in other technical and professional careers in fields such as nursing, forestry, journalism, speech therapy, computer programming, engineering, and agriculture.

# **Academic Regulations and Procedures**

## **ACADEMIC SESSIONS AND CREDITS**

The college year at George Fox College is divided into three terms of approximately ten weeks each, plus New Student Days and registration. In addition, George Fox sponsors a summer program and miniterms in September.

The unit of credit is the term hour, which is normally granted for the satisfactory completion of a course meeting one period (50 minutes) per week for one term. Credit for all courses is indicated in term hours; all student requirements, advancements, and classifications are based on these units.

## **COLLEGE GUARANTEES**

College policy guarantees that the student may graduate under the general education requirements stated in the catalog at the time he matriculates, provided attendance is continuous and full time. Likewise, he may graduate under the major requirements in force at the time that he is admitted to a major field, provided attendance is continuous and full time.

Two exceptions may be noted: (1) In the event of a change in requirements in general education or in a major field, the student may elect to fulfill the requirements of a revised program, provided attendance has been continuous and full time; (2) The college may face a situation beyond control and foresight that may necessitate a revision in available

courses. In such situations, the interests of the student will be protected.

## **COLLEGE RESERVATIONS**

The college reserves the right to withdraw courses with insufficient enrollment, to add courses for which there is demand, to upgrade programs, to revise teaching assignments and time assignments, and to regulate class size.

It is the responsibility of the student to become familiar with policies and procedures outlined in the catalog. For example, most upper level courses are offered in alternate years, but this should be no problem if there is advance planning. Advisors will aid as requested, but the student must be responsible for his own program.

## **ATTENDANCE, ACADEMIC LOAD, EMPLOYMENT**

The responsibility rests with the student to maintain good standards involving satisfactory scholarship. Regular class attendance is expected of each student in all courses. Work lost because of absence may be made up only in the case of prolonged or confining illness, death of relatives, or similar emergencies. Permission for absences from class for participation in cocurricular college activities must be granted by the dean of the college. Illness is excused by the Health

Center, and other absences are between the student and his instructors.

The student's load will be determined in conference with his advisor. Ordinarily, the first term freshman will register for no more than sixteen term hours. Provisional students will be limited according to the regulations.

## CLASSIFICATION OF STUDENTS

Classification is based upon the student's academic standing in terms of hours and grade points at the beginning of the term. Students may be classified as regular students only when entrance requirements have been met and official transcripts have been received and evaluated. To enter as a freshman, the high school transcript must show a cumulative GPA of 2.00 or higher if one is to be classified as a *regular* student. A student who is accepted for admission into George Fox College with a cumulative GPA below 2.00 from high school will be classified as a *provisional* student.

### Regular Students

Students who have satisfied entrance requirements and are following a program leading to a degree are called regular students. They are classified as follows:

*Freshmen:* Students who have completed fewer than 45 term hours

*Sophomores:* Students who have completed 45 term hours

*Juniors:* Students who have completed 90 term hours

*Seniors:* Students who have completed 135 term hours

### Special Students

This classification includes:

*Nondegree special students:* Students taking courses for personal improvement, or students regularly enrolled in another institution but who wish to register for specific courses at George Fox College (fewer than ten term hours).

Such special students wishing to enter a degree program must fulfill regular admissions requirements.

*Degree special students:* Students taking fewer than twelve term hours on a regular degree program, or students already holding a bachelors degree but working on a degree from George Fox College in another major (minimum 45 term hours residence).

### Provisional Students

Students whose cumulative GPA falls below 2.00 will be classified as provisional students.

Provisional students are urged to utilize the resources of the Counseling Center, the English Workshop course, or other departmental remedial facilities to remove their academic deficiencies. For continuance past one term, the student must have raised his GPA to the minimum requirement or at least have made sufficient progress that the Academic Committee can recommend continuance on a provisional status for another term.

If the student is given academic dismissal, he may appeal his case to the dean of the college. Otherwise, after one or more terms have elapsed, he may apply for readmission. If readmitted, the student will reenter as a provisional student.

### **Auditors**

Subject to instructor approval, any regular or special student may audit courses from which he wishes to derive benefit without fulfilling credit requirements. This must be established with the registrar at time of registration.

### **Full-time Student**

A full-time student is one who is enrolled for a minimum of twelve hours in a standard term.

## **REGISTRATION**

All students are expected to register on the days designated on the college calendar and to begin classes on the first day. The registrar will provide a brochure to supplement the catalog with specifics for each registration. Permission for late registration must be obtained in advance from the registrar and completed before the date set in the calendar. No student shall be admitted to a course after it has begun without the consent of the instructor as well as the registrar.

### **Course Additions**

1. After classes begin, a late admission to class must have the approval of the registrar and consent of the instructor involved. There is a fee of \$5 for a change of registration plus the tuition involved.

2. The last day to register or add courses is the second Friday following the day classes begin in the fall term and the second Tuesday in the winter and spring terms.

### **Course Withdrawals**

1. A student wishing to drop or withdraw from a class or from the college must secure

the proper form from the registrar's office. Unless this is done, an "F" will be recorded for all courses involved. There is a fee of \$5 for a change of registration, except for complete withdrawal from the college.

2. The last day to withdraw from a course with a "W" is the seventh Friday of the term, except by petition.

The following is suggested as a satisfactory relationship between the student's academic load and his work, on or off campus:

Work	Academic load
Not more than 18 hours	15-17 term hours
Not more than 25 hours	12-14 term hours
Not more than 30 hours	10-12 term hours

## **THE GRADING SYSTEM**

Term grades are determined by the instructor's evaluation of the student's daily participation in class, his performance on periodic tests, his work on term papers and class projects, and his achievement on final examinations. The grades used and their significance are as follows:

A—exceptional work; B—superior work; C—average work; D—inferior work, but still passing; P—credit, but not computed in GPA; NP—not passing, no credit but not computed in GPA; I—incomplete, for course work not completed; W—official withdrawals; F—failure to complete the minimum required work or unofficial withdrawal.

Grade points are given for each term hour according to the following schedule: A, 4 points; B, 3 points; C, 2 points; D, 1 point. Grade points are assigned for the purpose of determining scholastic averages. A student's

grade-point average (GPA) is computed by dividing the total number of grade points earned by the sum of the graded hours attempted. The "I" grade that has no grade points must be removed by the sixth Friday of the next term the student is in attendance unless the course is designated for an open "I"; otherwise, the "I" remains. (For removal of an "I" see special fees page.) The GPA on the most recent term of attendance is the current GPA; that computed on the student's entire period of enrollment in George Fox College and other colleges attended is his cumulative GPA.

Although the "NP" grade is not computed in the GPA, the student may remove a "NP" only by repeating the course with a "C-" level grade or better. (See the pass-no pass policy in the previous chapter.) A student may repeat a course in which he received a "D" or "F." The first grade will remain on the permanent record, but only the higher grade will be computed in the GPA. The "D" or "F" received the first time will be starred (\*) on the permanent record to indicate that the course has been repeated. A student may repeat a course from another accredited college in which he has received a "D" or "F" grade, or George Fox College will accept a course taken at another accredited college with a higher grade to replace a "D" or "F" course taken at George Fox College.

## GRADUATION REQUIREMENTS

A Bachelor of Arts or Bachelor of Science degree program requires the completion of courses in general education, a major in a chosen subject that enables the student to specialize in a field of liberal arts, and sup-

porting courses. The entire program requires a minimum of 2.00 GPA and 189 term hours of credit, with at least 63 term hours of upper division credits (courses numbered 300 and above).

At least 45 term hours are to be earned in residence. Two terms of residency must be within the senior year.

Courses taken in the major must be passed with a grade point average of 2.00 or higher. No "D" grade in upper division will be accepted for upper division major requirements. The student should seek the advice of his major professor in selecting the optional subjects applicable to the major.

The student must recognize and accept his responsibility in meeting all graduation requirements, including filing an intent to graduate with the registrar three terms or 42 hours before anticipated graduation.

### **Second Degree**

The following requirements provide for a second or concurrent degree. A student:

1. must complete a minimum of 45 term hours for the "second" degree above the minimum 189 term hours required for the "first" degree;
2. must meet the general education requirements for each degree;
3. must be in attendance the last three terms or 45 term hours preceding the awarding of the "second" degree;
4. must pay an additional \$15 graduation fee if participating in one ceremony, otherwise pay an additional \$25 graduation fee for the "second" degree;
5. who entered under catalogs prior to 1972 may appeal.

### **Graduation Honors**

Graduation Honors are conferred upon a student whose cumulative GPA is maintained at a high level during his entire college course. Students with a cumulative 3.50 at graduation are awarded their degrees *cum laude*; those with a cumulative 3.70 receive their degrees *magna cum laude*; those with a cumulative 3.90 receive their degrees *summa cum laude*.

# Student Life

## What Is Student Life at George Fox?

- ... books and classes
- ... fire drills at midnight
- ... quiet times with the Lord
- ... a Christmas oratorio
- ... Student Senate meetings
- ... science experiments, case studies, films
- ... barricading the head resident's door
- ... working to make your way through school
  - ... meeting at the Junior Store  
for a study break
  - ... floor prayer meetings
- ... screaming at basketball games  
till your throat hurts
- ... faculty lectures
- ... cleaning that cluttered room on Saturday
  - ... sharing your witness in chapel
  - ... choir, band, and drama tours
  - ... rap sessions with the head resident
- ... a soapy fountain in front of the library
- ... worship on Sunday
- ... writing and research
  - ... *Brigadoon, The Magic Flute,*  
*Celebrate Life*
- ... unscheduled dorm "athletics" at all hours
  - ... Bible Lit. via "Slide Sponders"
- ... candlelightings
- ... questioning visiting resource people

A real bonus for each student in a small college is the opportunity to be somebody and to get personally involved. Student activities serve this function and acknowledge that all meaningful learning is not in the classroom nor formal in nature. Another bonus is the opportunity to know helpful people so that when needs arise they may be met. The services described in this chapter are for the purpose of serving each individual as well as the group.

## STUDENT ACTIVITIES AND ORGANIZATIONS

Student organizations provide opportunity for the development of leadership qualities and interpersonal relationships. These are designed to supplement classroom work with practical experience and to provide wholesome and profitable recreation. Many activities are available including campus government, athletics, music, drama, publications, social and religious organizations, and various special interest groups. Each student is encouraged to participate in the area of his interest.

### Government

The Associated Students of George Fox College (ASGFC) is an organization of all full-time students. The governing assembly of the student body is the ASGFC Student Senate. The Executive Council, consisting of associa-

tion officers, serves the ASGFC in an executive capacity. The ASGFC deals with wide concerns of students including college governance, academic policy, publications, and activities.

### Athletics

George Fox College has excelled in athletics during recent years, receiving the NAIA District II Basketball Championship in 1973. Intercollegiate sports include cross-country, basketball, baseball, tennis, and track. The college also has a strong program of intramural athletics. Women students compete in field hockey, volleyball, badminton, basketball, tennis, track, and softball, with an intramural program also.

Varsity athletic competition functions under the direction of the National Association of Intercollegiate Athletics, of which the college is a member.

*Order of the Bruin* is an organization for all men who have won a varsity letter in any major sport and who have been duly elected.

*Gold 'Q' Club* consists of women who have won one or more letters in college sports. The club endeavors to further all athletic activities and foster student enthusiasm.

### Music

Music activities are available to students with varied musical talents. Public performances are presented through the Oratorio Choir, A Cappella Choir, Chamber Choir, Concert Band, Orchestra, Music Theater, Stage Band, and small ensembles. Students are urged to audition for these musical groups.

"Student Chapter Music Educators National Conference" provides a bond between students in music education and the professional organization. Students receive the *Music Educators Journal* and the *State Music Journal*. Members may attend meetings of these professional educators organizations. The club also sponsors speakers on new developments in the music education field.

### Drama

Communication Arts presents at least one major dramatic production each year during the winter term as well as a regular series of one-act plays and Readers Theatre presentations. Augmenting the on-campus drama program is the drama touring group that presents chancel dramas in repertory for churches in the Northwest.

### Publications

Publications include a newspaper, *The Crescent*, and an annual, *L'Ami*. Elected editors direct their staffs in the selection and preparation of materials for these publications. *The Crescent* is a member of the Associated Collegiate Press.

### Special Interest Groups

*Circle K International* is a campus service club sponsored by Kiwanis International and is open to all male students. The purpose of this club is to promote citizenship and service in college life.

*Kappa Tau Epsilon* is an association of women students of George Fox College. Every woman enrolling in George Fox is eligible to become a member. The purpose is to provide a united representation for the advancement of social, cultural, spiritual, and

academic achievement through social activities, discussion, and service.

*The International Club* promotes social fellowship and understanding between American and foreign students.

*Scribblers Club* is composed of persons interested in literature. The club promotes the appreciation of literature, creative writing, and discussion of the various authors and their works. The club sponsors the occasional publication of student anthologies.

*Student Oregon Education Association* seeks to prepare prospective teachers for education leadership. The club sponsors various projects and meetings with special emphases.

### **Social Events**

The academic year at GFC is highlighted by many social functions. Two formal events are held during the year, one near Christmas during fall term and the other during spring term. Homecoming is one of the major campus events of the year, when the entire college community hosts returning alumni. It is held in February. May Day celebration, directed by the Associated Students, is held annually on the first Saturday of May. Various other activities occur throughout the year including movies, concerts, and parties.

### **Scheduling of Activities**

All social and college activities arranged by departments, campus clubs, or groups of students are scheduled through the Office of Student Affairs. The scheduling of activities by students is the joint responsibility of the Office of Student Affairs and the director of activities.

## **WORSHIP AND SERVICE**

*Chapel* services provide a source of Christian inspiration and instruction. Musical programs, outstanding speakers, faculty, and student participation seek to produce interesting, informative, inspirational chapel services and convocations. Chapels are held twice a week, and attendance is required of all students enrolled for twelve or more credit hours or living in residence halls. Attendance is registered and an attendance roll is maintained. The dean of student affairs may grant excuses for necessary chapel absence.

The churches of the community maintain varied programs of activity for college youth. Students are welcome to their services and fellowships, and opportunity for participation and student membership is provided. Regular church attendance is desired of all students.

*The Student Christian Union* coordinates Christian activities on the campus and provides varied opportunities for every student who desires to participate in some phase of Christian work. The SCU sponsors a weekly meeting, two weeks of Christian Emphasis each year, an annual missions conference, various prayer meetings, and service projects.

Christian ministry is encouraged as a means of developing abilities of students in the work of the church. Anyone representing the college in a specific ministry must be authorized to do so by the college administration.

## **STANDARDS OF CONDUCT**

When a student enters the college he agrees in writing to respect the regulations of

the institution. All regulations are designed to allow the fullest liberty consistent with efficient work, while at the same time promoting the welfare of the entire campus community.

The college admits students with the understanding that they will cheerfully comply with these regulations in every respect and conduct themselves as responsible citizens. All students are expected to maintain normal standards of behavior, which include conforming to state and local laws.

Any student whose behavior is dishonest, destructive, unethical, or immoral, or whose conduct is detrimental to the total welfare of the community shall be subject to disciplinary action, which may result in suspension, dismissal, or expulsion from the college.

In accordance with Christian convictions honoring the body as the temple of the Holy Spirit, the college community accepts a life style that forbids gambling, the use or possession of nonprescription drugs, alcohol, tobacco, obscene or pornographic articles or literature, and immoral sexual behavior. Our college community has found its best interests served by not approving social dancing either on or off campus.

### **Marriage**

The college places no restriction on the marriage of students other than those provided by law. However, students who are married are expected to disclose this fact in completing enrollment forms. It is expected that students who plan to be married will obtain parental consent and meet all legal requirements associated with marriage ceremonies. The administration believes that mar-

riage within a term of study is a hindrance to the best work of students and strongly advises that such plans be postponed until the term is completed.

### **Motor Vehicles**

The ownership or possession of automobiles or other motorized vehicles by students is permitted. Students desiring to operate such vehicles on campus must register them at the Office of Student Affairs.

A full presentation of regulations governing student conduct and discipline is available in a college handbook on regulations and procedures.

## **LIVING ARRANGEMENTS**

### **Housing Policies**

George Fox College is a residential college. It is the belief of the college that the students' academic and social goals are more easily attained when living in attractive surroundings. Human relationships experienced in residence halls are strong factors in producing positive personal development. The policies and procedures governing the residence halls and auxiliary housing are an outgrowth of the basic values of George Fox College.

All students enrolled in twelve or more credit hours who are less than 23 years of age are required to live in residence halls and take their meals in the Commons. Certain exceptions may be granted by the Office of Student Affairs. Details may be obtained by inquiring at that office.

Intervisitation between men and women in the residence halls is not permitted except

on special occasions. Closing hours are kept for women. Additional residence hall details are included in the college handbook, *The First Resort*, provided for each student.

### **Residence Halls**

Three modern dormitories, all built within the past twelve years, house 278 students. Pennington Hall, with a capacity of 100, is a coeducational residence with separate wings for men and women students. Edwards Hall, a residence for 104 women, is designed with two separate wings of three floors each. Hobson Hall, a men's residence, houses 74 students. Dormitory rooms are furnished with beds, mattresses, study areas, and wardrobes. Students are expected to provide their own bedding, towels, and other furnishings. All belongings should be marked clearly for identification. Coin-operated laundry facilities are provided in each residence. If a student has a preference regarding residence hall placement, he should notify the Admissions Office in writing.

Occupants are held responsible for damage to the rooms or the furnishings. Cost of damage or cleaning beyond the normal wear to residence halls, unless such damage has been identified with an individual, will be charged on a prorata basis among the occupants within the hall. The rooms are subject to inspection by representatives of the Office of Student Affairs. A final inspection of each room must be made before a student may leave at the end of the academic year, or withdraw from the college. Final checkout from a residence hall is complete only with this inspection and after the room key is turned in.

### **Auxiliary Housing**

A limited number of apartments are available for single and married students. There are twelve apartments located in Weesner Village available to married students. Additional existing housing, contiguous to the campus, has been purchased to provide housing needs as the college continues to grow. Single students allowed to live in auxiliary housing are usually seniors and then only if there is no other housing available in the residence halls. Each apartment is furnished with stove and refrigerator. Other furniture is the responsibility of the student. Application for this type of housing is made in the Office of Student Affairs.

### **Room Reservations and Assignments**

Returning students complete a Residence Hall Contract at the end of the spring term. New and reentering students are assigned rooms after returning students have been given opportunity for their choices.

### **Food Service**

Students living in residence halls are required to eat in Heacock Commons. The charge established for the food service is based on the assumption that not all students eat all meals; therefore, no deduction will be granted to students who eat fewer than 21 meals per week. An exception may be made for meals missed because of employment. Inquiries should be directed to the Business Office. A charge is made for guests. Commuting students may board at the college if intent to do so is indicated at the time of registration.

## **STUDENT SERVICES**

### **Office of Student Affairs**

This office is directly responsible for the organization and programming of the residence halls, auxiliary housing, and other student living arrangements; new student orientation, foreign students, student government, health service, food service, student employment, placement, financial aid and scholarships, college calendar, and other student activities. This office also offers individual attention to problems arising among students. Students are encouraged to contact this office whenever they are concerned about aspects of college life not specifically related to curricular programs. The dean of student affairs coordinates these services and programs.

### **Health Services**

A registered nurse is on duty a part of each class day in the Infirmary in Pennington Hall. The nurse works in close cooperation with the doctors in the community. She will provide consultation and treatment for common ailments in the Infirmary but does not make calls to the residence halls or apartments. The nurse will assist in making arrangements for special medical or surgical care. When practical, the student should seek the help of the family doctor. When chronic ailments are diagnosed, the parents or guardians are notified.

Health and accident insurance is required of all students. Students must verify adequate insurance coverage elsewhere or be enrolled in the college program at the time of registration.

### **Counseling and Testing Center**

The purpose of the Counseling Center is to assist students in dealing with the normal problems of adjustment encountered by many college students. Students are assigned advisors whose primary function is to assist students in their adjustment to college life and to guide the students in their educational goals.

The service provided by the Counseling Center in cooperation with the Office of Student Affairs includes career planning, educational adjustment and assistance through the Reading and Study Skills program, personal counseling, and educational guidance through the testing program. The Counseling Center is located in Minthorn Hall.

# Admissions

The college admits applicants who evidence academic interests and ability, moral character, social concern and who would most likely profit from the curriculum and Christian philosophy of George Fox College. These qualities are evaluated by consideration of each applicant's academic record, autobiography, test scores, recommendations, interview reports, and his participation in extracurricular activities.

One may apply for admission after completion of six semesters of high school study, or as early as fall of the senior year. A policy of continuous admission is followed with the first decisions made in October. Admission is subject to the satisfactory completion of the senior year of high school.

It is recommended but not required that the applicant present the equivalent of sixteen academic units from an approved high school. The following units are suggested: English, 4; social studies, 2; science, 2; mathematics, 2; language, 2; and health and physical education, 1.

Satisfactory scores on the College Board Test (SAT), or its equivalent, are required of each applicant, and scores should be sent to the Admissions Office.

Admission is possible at the opening of any regular term.

## ADMISSION PROCEDURES

1. Write to the Director of Admissions, George Fox College, Newberg, Oregon 97132, for information and admission forms.
2. Request a transcript of academic credit from the secondary school last attended. Transfer students must request a transcript from each college in which they have been registered and may be asked to furnish a high school transcript also.
3. Complete the admissions form and return it to the Admissions Office. Include a nonrefundable application fee of \$10.
4. Submit reference sheets to designated persons, who will return the completed reference to the Admissions Office.
5. Arrange for an interview on campus with the director of admissions or off campus with an admissions counselor. An on-campus visit is recommended distance permitting.
6. When all forms have been received and the admissions fee is paid, the student's file is complete. Prompt notification of decision is given each applicant following the completion of the file.
7. By May 1 or within three weeks after acceptance, whichever is later, a tuition deposit of \$75 must be submitted by each new, full-time student. This is refundable up to August 1.
8. A medical examination form is sent to each accepted student. This must be com-

pleted by the student and physician and returned to the Admissions Office no later than August 15 (for fall admission).

9. It is recommended that all applicants for financial aid complete application for admission by April 1. Acceptance of a request cannot be guaranteed after June 1.

## **READMISSION OF FORMER STUDENTS**

To apply for readmittance after an absence of two or more terms, a student should obtain from the Admissions Office an *Application for Readmission*. If two or more years have elapsed, he must meet any new or revised graduation requirements and may be asked to go through regular admissions procedures.

## **ADVANCED PLACEMENT—HONORS PROGRAM**

Past learning and present ability may recommend that course work begin at an advanced level. This may involve granting of credit or in waiving certain prerequisites or college requirements. These *Course Challenge Programs* are described in the chapter, "The Academic Program." An *Intensified Studies* or honors program is described in the same chapter.

## **ADMISSION TO MAJORS**

Admission to the college does not imply automatic admission to teacher education or to a particular major such as music. Each student selects a major in conference with a faculty advisor, normally during the course of the sophomore year.

## **POLICIES GOVERNING TRANSFER STUDENTS**

Students from other educational institutions may be entitled to advanced standing by presenting official transcripts. George Fox College applies the accepted credits toward the general education requirements and the student's chosen major. Transfer credit from other colleges will be summarized on our transcripts.

Certain criteria are involved in the evaluation:

1. Only course work with a "C" or better grade will be accepted.
2. All general education requirements, except upper division religion requirements, will be fulfilled if the applicant holds an Associate of Arts degree from an accredited junior college.
3. A maximum of 96 term hours may be transferred from an accredited junior college toward the bachelors degree.
4. A maximum of 60 term hours of Bible and Christian education may be applied on a degree in a major other than Bible and Christian education.
5. A maximum of 45 term hours may be applied toward a degree by an applicant holding an R.N. degree.
6. A maximum of 30 term hours of approved correspondence work may be applied toward a degree program.

Each student must complete a minimum of 45 term hours in residence for his bachelors degree. Two terms must be in the senior year (joint-degree students excepted).

## **EARLY ADMISSION OF HIGH SCHOOL STUDENTS**

An early admission program is available to qualified high school students. This permits study at George Fox College during the completion of high school units.

*Eligibility Requirements:* (1) An applicant must have completed the junior year of high school; (2) if an applicant has completed the senior year of high school, he is not eligible; (3) recommendations from the applicant's high school principal or assistant principal and guidance counselor are required; (4) early admission students must receive grades of "C" or better to remain in the program.

*Application Procedures for Early Admission:* (1) Contact the Admissions Office for an admission application; (2) complete the application and return it to the Admissions Office with the \$10 application fee; indicate your choice of courses; (3) upon completion of the application, you will be notified concerning admission and registration; (4) only one course of no more than four hours may be taken during any of the regular terms, unless a lightened high school load is possible; (5) early admission students in good standing are automatically admitted to the college upon graduation from high school.

*Cost and Credit:* (1) Early admission students may take a maximum of twelve quarter hours work with a tuition charge of \$10 per credit hour; (2) credit earned during early admission may be applied to degree programs at George Fox College without additional charge; (3) credit earned during early admission may be transferred to other colleges or universities upon receipt of payment

of regular tuition and fees in effect at the time the course was taken; (4) after the completion of 90 quarter hours (2 years) at George Fox College, a student may transfer the hours taken during early admission without an additional payment.

## **NON-HIGH SCHOOL GRADUATES**

An adult whose high school preparation is incomplete may be admitted on the basis of the General Educational Development Test, provided the average standard score is at least 53 with no one score below 48. Your local high school can supply details for you. Adults not wishing to select the degree route may be admitted to noncredit courses offered under the Continuing Education Program or be admitted as auditors in other selected courses.

## **AUDITORS**

By advance permission of the director of admissions persons of mature years and others who are capable of profiting from college classes may enroll as auditors. Auditors pay a reduced tuition fee. Examinations are not required and no college credit is earned.

## **SENIOR CITIZENS**

Any person 62 years of age or older may enroll in regular courses for credit or audit without a tuition charge, although a materials fee may be assessed in some courses. A small charge may be necessary in continuing education courses in which the primary enrollment is 62 or over. Unless limited by space, equipment, or essential background, all courses are open. Application is through

the director of admissions, who will consult with the applicant, the registrar, and the instructor. Fees for admission and matriculation are payable once.

## **TRANSIENT STUDENTS**

Students working toward a degree in another college may enroll for courses at George Fox as transient students. A transient student must present a letter from the dean or registrar of the college in which he is enrolled indicating approval of the specific courses to be taken. The \$10 admission fee is charged once, although the student may attend several terms or sessions. Not more than one year of full-time study may be permitted.

## **FULL-TIME STUDENTS**

Full-time students are enrolled for a minimum of twelve hours in a standard term. Only full-time students may represent the college in an official capacity or hold a major office in any organization.

## **PROVISIONAL STUDENTS**

An applicant who does not meet the total expectations for admission may be admitted as a provisional student. The status and conditions will be defined at the time of admission. This possibility is in keeping with Carnegie Commission recommendations for the encouragement of advanced learning for disadvantaged persons. Others may be helped who were not strictly disadvantaged. Current students may also become provisional. This is described in the chapter, "Academic Regulations."

## **INTERNATIONAL STUDENTS**

Prospective students holding non-U.S. citizenship may write for a special descriptive sheet covering their primary concerns. Initial application must be made by January 1 for entrance in the fall term and by a minimum of six months prior to any other term. An English test and financial ability are among the prerequisites for admission.

## **HIGH SCHOOL VISITATION DAYS**

High School Visitation Days occur throughout the year, when high school students visit the campus to allow the college faculty and students opportunity to share academic offerings and the social, cultural, and spiritual opportunities provided at George Fox.

The Admissions Office is open weekdays for individual assistance.

# Financial Information

George Fox College maintains high educational standards at the lowest possible cost. The individual student pays only about 60 percent of the actual cost of education. The remainder of the cost is underwritten by gifts from alumni, friends, churches, businesses, and institutions. An extensive financial aid program assists students in meeting college costs.

The Board of Trustees reserves the right to adjust its charges (other than guaranteed tuition rates as described below) at any time after giving due notice. No changes will be made during a term, nor, unless special circumstances make such action necessary, will changes be made during a given academic year.

Although a number of steps are being taken to control expenses and to maximize unrestricted gift income and return on endowment, a modest increase in charges, including the tuition rate for new students, may be necessary effective September 1975 to offset the effects of inflation.

### A Guaranteed Tuition Plan

A student pays only for those courses in which he enrolls. Tuition charges are determined by the number of credit hours for which a student registers. Depending upon his financial situation, his career goals, and his aptitude, a student may arrange his program in a variety of ways. In every case, the student pays only for those courses he needs or desires to fulfill his requirements.

Tuition charges are on a guaranteed rate per term credit hour. The rate as indicated below by year of full-time enrollment will be maintained during the regular time required for graduation. Continuous full-time enrollment is required to maintain the rate. Fall term, winter term, and spring term are regular

sessions covered by the guaranteed tuition rate. Summer sessions and miniterms are not considered as regular sessions. Students who drop out for one session or more, or who reduce their credit hours taken to less than twelve, will pay the rate prevailing at the time of their reenrollment or return to full-time status. The maximum time guaranteed for freshmen is four consecutive years (twelve terms), for sophomores three consecutive years (nine terms), for juniors two consecutive years (six terms), and for seniors one year (three terms).

If the Consumer Price Index (CPI) computed by the Bureau of Labor Statistics increases by more than eight points in any one year, all tuition rates may be reevaluated and, if necessary, increased by a percentage equal to the amount by which the CPI increase exceeds the average increase for the preceding three years.

### Tuition Charges

Tuition charges for full-time enrollment (twelve or more credit hours per term):

For students enrolled continuously since the academic year 1971-72: \$35 per credit hour (guaranteed one to three terms depending on class standing at the time of first enrollment)

For students enrolled continuously since the academic year 1972-73: \$36 per credit hour (guaranteed one to six terms depending on class standing at the time of first enrollment)

For students enrolled continuously since the academic year 1973-74: \$37 per credit hour (guaranteed one to nine terms depending on class standing at the time of first enrollment)

For students enrolling full time for the first time during the academic year 1974-75: \$38 per credit hour (guaranteed one to twelve terms depending upon class standing at the time of first enrollment)

For less than full-time students enrolling during the academic year 1974-75: \$38 per credit hour

Tuition for auditing a course is one-half the applicable regular charge.

### FEES AND EXPENSES

<b>Student Body Membership</b>	<b>\$85</b>
--------------------------------	-------------

All students taking twelve or more credit hours per term are required to hold membership in the Associated Students of George Fox College. The membership covers student activities, class dues, social events, the Student Union Building, and subscriptions to the college paper and yearbook.

Account service charge If account balance is less than \$50, the monthly service charge is \$.50. If account balance is \$50 or more, the monthly service charge is one percent of the unpaid balance.	
Returned check fee, per check	2

### **Medical Fees**

Evidence of acceptable medical insurance for accidents, sickness, and prolonged

illness is required of all full-time students. Students are required to enroll in the college-approved student medical insurance plan, unless an insurance waiver card is submitted at the time of registration indicating comparable coverage elsewhere.

The fee is subject to change each year by the underwriter but is normally \$12-\$15 per term.

### **Board and Room**

Board and room is furnished to a resident student per term as indicated below. Charges quoted are individual student rates for two students per room. If a student chooses to occupy a residence hall room alone and such is available, an additional charge of \$40 per term will be made.

Fall term	\$420
Winter term	340
Spring term*	260

A limited amount of apartment housing is available for married students and eligible single students. Information about this housing may be obtained from the Student Affairs Office.

### **FINANCIAL ARRANGEMENTS**

All charges made by the college are due at the beginning of each term. Students receiving scholarships, grants, or loans must complete all necessary arrangements well in advance of registration. Students who are securing a loan from financial institutions or

agencies (e.g., a federally insured bank loan) that may still be pending at the time of registration must have a letter of commitment from the lender acceptable to the college.

### **Schedule of Tuition Deposits**

New full-time students are required to pay a \$75 tuition deposit by May 1 or within three weeks after acceptance, whichever is later. This deposit is refundable up to August 1.

### **Monthly Budget Plan**

An alternative method for payment of basic tuition, fees, and room and board charges is the Monthly Budget Plan, which may be elected by all full-time students.

The Monthly Budget Plan consists of equal monthly payments beginning June 1 and concluding on May 1 of the following year. A student may enter the program later than June 1 provided all back payments are made up when he joins the plan.

The annual service charge for the Monthly Budget Plan is \$10. There are no added finance charges related to these payments.

Scholarships, grants, and loans will be deducted in arriving at the balance to be met. Complete details, together with examples of how the plan operates, are available from the Business Office.

### **Deferred Payment Plan**

Students may elect to complete financial arrangements for registration each term using the Deferred Payment Plan.

If this plan is used, a \$5 set-up fee will be added to the account. In addition, the account balance is subject to a one percent monthly service charge.

Under the deferred payment plan, one-third of the account balance (after deducting scholarships, grants, and loans) is due at registration. An additional one-third is due one month from the first day of classes for the term. The remaining balance is due two months from the first day of classes for the term.

### **Restrictions**

The college reserves the right to withhold transcript of records or diploma until all college bills have been paid or until satisfactory arrangements have been made with the Business Office. Students will not be permitted to register for a new term until all bills are paid for the previous term.

### **Refunds**

Refund on charges for tuition and departmental fees and the board portion of housing costs will be made at withdrawal within a term from a course or the college. In no case will fees other than departmental fees be refunded. The date on which the official withdrawal form is received by the Business Office will determine the amount of the refund. Refunds will be made according to the schedule stated below:

First day of classes	100%
Remainder of first week	80%
Second week	60%
Third week	40%
Fourth week	20%
Fifth and following weeks	0

## **FINANCIAL AID**

### **Basis of Student Aid**

Each family should expect to make every reasonable financial adjustment to provide as much support as possible beyond the normal maintenance it has customarily provided. In awarding aid as a supplement to the family's maximum efforts, the college considers primarily a student's academic potential, his personal interests and qualities, and promise for future leadership.

The College Scholarship Service Assembly (CSS) is a constituent body within the College Entrance Examination Board (CEEB). George Fox College joins with other members of the CSS in maintaining the principle that every qualified student should be able to choose a college for personal reasons. Financial Aid Awards make such a choice possible by helping bridge the gap between what a student's family can reasonably afford to spend on his education and what it will cost him to attend college. The amount of aid a student's family may be able to contribute for educational purposes is the same at any college to which he applies. Every student is urged, therefore, to choose the college that offers him the best opportunity to develop his interests and abilities.

The family's ability to pay for college is determined by analyzing the information it has supplied on the Parents' Confidential Statement (PCS), a questionnaire about financial aid provided by the CSS. An independent student must file a Student Financial Statement (SFS) to be considered for aid.

### **Types of Awards**

Every student admitted is eligible to receive financial aid provided that he can show need. Financial assistance awarded by George Fox College takes the form of one or a combination of the following: scholarships, grants, loans, and employment.

All Federal and State financial assistance requires an affidavit attesting that the recipient will use the funds only for educational purposes.

The awards given by George Fox College are granted upon the general principle that a clear distinction should be made between awards that recognize academic honor and achievement and awards that recognize the need for financial assistance. This system of awards tends to eliminate the concept that academic achievement should be recognized by monetary grants regardless of the financial condition of the student and achieves equity in the distribution of limited aid funds by providing that students who most need assistance will receive aid. While honors for distinguished achievement are given suitable publicity, the college minimizes or completely avoids public notice of monetary grants because financial exigency is a confidential matter between the student and his college. Virtually every student in the college who can demonstrate need for assistance is awarded the amount of aid that will enable him to attend the college.

### **Scholarships**

Honors scholarships are granted each academic year to a limited number of qualified students. These scholarships are credits awarded by the college against the regular

charges made by the college. Thus a scholarship is not a loan. Recipients may be asked to assist professors during their junior and senior year in return for monetary stipends they receive.

A limited number of honors for freshmen are granted each year based on a combination of high school class rank, cumulative GPA, and SAT or ACT scores. Continuation in the honors program is reviewed each year. Continuous enrollment, academic achievement, and recommendations by professors are a few of the factors considered by the Scholarship Committee in granting continuing honors. Transfer and continuing students who did not enter on honors are eligible for consideration in the program.

A small number of the highest-ranking students are selected at the end of the freshman year, or later, to enter the challenging Intensified Studies Program. Some financial aid is available to assist highly qualified students to pursue independent study.

### **Endowment for Scholarships and Grants**

A portion of the endowment funds is designated for the scholarship program. The income from these funds makes possible the following scholarships and grants:

*Benson Scholarships* for students who demonstrate extraordinary scholastic ability. Such scholars may not exceed in number three percent of the student body.

*The Ethel Cowgill Memorial Grant* awarded annually to a student whose parents are serving actively as pastors in the Northwest Yearly Meeting of Friends Church.

*The M. Lowell and Margaret W. Edwards Scholarship* granted annually to students enrolled in a pre-medical program.

*The Laura McPhee Grant* awarded annually to

students whose parents are serving as missionaries in the United States or abroad.

*The Robert Robertson Grant* awarded annually to a student whose parents are serving as missionaries in the United States or abroad.

*The Joanne (Brougher) Summers Memorial Scholarship* granted annually to a foreign student or to an Indian or Eskimo student native to the state of Alaska.

In addition, there are three other scholarships that carry no specific eligibility criteria donated by families:

*The Endowed Memorial Scholarship* made possible by a number of families in memoriam of deceased family members.

*The Allen Hadley Memorial Scholarship.*

*The Arthur H. and Gwendolyn Winters Scholarship.*

It is hoped that recipients of these funds, who from experience are more aware than others of the importance of this scholarship program, will someday desire to add to the scholarship endowment fund and designate gifts for this purpose.

### **Other Resources**

Over the years friends of the college have provided funds annually to assist students with scholarships and grants. These awards usually carry with them special provisions. Grants and scholarships currently being awarded include:

The Ankeny Family Athletic Award

Dr. John C. and Esther Brougher Premedical Scholarship

Crecelius Family Christian Ministry Scholarship

Crisman Brothers Scholarship

Kristine Dicus Memorial Award

The Holman Philosophy Scholarship

Jackson Foundation Scholarship

Kent Ministerial Scholarship

Minthorne Family Grant

Orpha Puckett Larrance Memorial Scholarship

Reedwood Friends Church Grant

### **Rempel Science Scholarship**

Frank D. Roberts Family Memorial Scholarship  
Women's Physical Education Scholarship

A limited number of awards are made each year to students in the fields of athletics, drama, and music. To be eligible applicants must have satisfactory academic records and unusual proficiency in one or more of the above fields. Auditions or personal interviews are usually required of applicants. The college has established Church/College Fellowship Awards to assist churches in encouraging their young people to attend a Christian college. The church may make a gift of any amount to the college for credit to a specific student's account. The college will then match up to \$100 of the gift for any such students and up to \$300 for juniors and seniors who are preparing for Christian service. Gifts may be made for any number of students from a church. The gifts must be an official act of the church rather than from individual church members. Churches must file by March 1 in the Financial Aid Office copies of official minutes of the action taken by that church's governing board to be eligible for matching funds.

Any student whose home is over 500 miles from the campus may be eligible for a travel grant. The grant consists of one round trip air fare from the student's home, is dependent on need, and is credited to a student's spring term account. Application must be made by May 1 by contacting the Financial Aid Office.

A student with exceptional need may apply for State and Federal grants. A PCS must be on file to determine eligibility for this type of assistance.

### **Loans**

The Federally Insured Student Loan Program is a plan whereby parents or students borrow from their local bank for educational purposes. Applicants must obtain from the college appropriate forms to determine eligibility for possible Federal interest subsidies. A financial analysis to determine need must be made before interest subsidies are possible.

There are several other loan programs financed through the college that are available to students with exceptional need. Students should apply to the Financial Aid Office.

The college encourages students and their parents to use loan funds because these, unlike scholarship grant funds, do not subtract from the resources that support the program of the college. Loans place the responsibility for financing higher education on the student, enabling him to receive financial assistance when he needs it and to pay some of the cost of his education at a later time when he is better able to do so. Consequently, the college expects loans to be a significant part of the usual financial aid award.

### **Employment Grants**

Employment Grants are awarded to students who clearly demonstrate financial need. A PCS must be on file to determine eligibility for employment grants.

Some employment grants are subsidized through the college Work-Study Program. This is a Federal program of employment of students, particularly those from low-income families.

# The Curriculum

## DIVISION I. EDUCATION

Education, Health Education, Physical Education

## DIVISION II. FINE AND APPLIED ARTS

Art, Music

## DIVISION III. LANGUAGE ARTS

Communication Arts, English, Literature, French, Greek, Spanish

## DIVISION IV. NATURAL SCIENCE

## COURSE NUMBERING SYSTEM

Courses numbered 100-299 are lower division level and normally are open to freshmen and sophomores. Courses numbered 300-499 are upper division level and normally are open to juniors and seniors. A 300 numbered course may be open to sophomores. Exceptions may be made when prerequisites are met and general education requirements are being met on schedule.

Course numbers ending in zero (e.g., Ed 300) designate courses that are complete in one term; they may be scheduled for any term during the college year.

Course numbers ending in five (e.g., Mus 105) designate courses that may be pursued for several terms under the same number, with all credits applicable, within stipulated limits.

Course numbers ending in one, two, and three, or seven, eight, and nine (e.g., Eng 111, 112, 113) designate courses offered throughout the year. A continuing course may not be entered in the second or third terms without completing the previous term(s) or obtaining the permission of the instructor.

Course number 490 designates a Senior Seminar that is completed in one term; numbers 491, 492, 493 designate a Senior Seminar given each term.

# **Division of Education**

Basic objectives of the division are:

1. To coordinate the resources of the college in providing a broad general education with academic specialization for the prospective teacher.
2. To provide professional preparation that develops in students the understandings, skills, and attitudes needed for a career in teaching at the elementary and secondary levels.
3. To provide instruction that fosters physical development of students and enhances the use of leisure time.

## **TEACHER EDUCATION**

George Fox College is approved by the Oregon State System of Higher Education for the training of elementary teachers in conjunction with the Oregon College of Education. It is also accredited by the Oregon State Board of Education for the training of secondary teachers in specific fields. These programs lead to Oregon Basic Teaching Certificates, which are issued by the State Superintendent of Public Instruction upon recommendation of the teacher education institution.

### **Admission to Teacher Education**

Admission to George Fox College does not guarantee admission to the teacher education program. A student applies for admis-

sion to teacher education during, or prior to, the third term of the sophomore year. Admission to the program is based upon ability to meet the criteria described in the "Guide for Teacher Education" available upon request.

### **Transfer Students in Education**

Any student transferring to the teacher education program must meet the same requirements for admission as those who have entered at the usual point. For secondary teaching fields, work at George Fox College must include Ed 440 Teaching of ..... (Special Methods) and Ed 450, 451 Supervised Teaching and Seminar. A minimum of 45 term hours must be taken in residence at George Fox College for either the elementary or secondary programs.

A student transferring from a nonaccredited college to the secondary program of teacher education will be granted only conditional admission to the program until he demonstrates his ability by completing twelve term hours in his first teaching field and/or professional education with an average GPA of 2.50. Courses taken at nonaccredited colleges cannot be applied toward the elementary joint-degree program.

### **Admission to Supervised Teaching**

Acceptance into the teacher education program does not guarantee assignment for supervised teaching. Application must be

made for admission to supervised teaching by filing forms obtained from the education office not later than the first week of the term preceding the quarter for which the assignment is requested. Admission to supervised teaching is based upon ability to meet the criteria described in the "Guide for Teacher Education" available upon request.

## **ELEMENTARY TEACHING MAJOR**

Students who are admitted to teacher education and have completed satisfactorily the course of study at George Fox College may transfer to Oregon College of Education at Monmouth, Oregon, for their senior year. They receive the Bachelor of Science degree from George Fox College and are recommended to Oregon Board of Education for the Basic Teaching Certificate by Oregon College of Education.

### **Major Requirements**

CA 111 Oral Communication; Geo 200, 210 and/or 295 Geography (6 hours); Hst 330 Pacific Northwest; Bi 101 or 102 and 103 General Biology (8 hours); GSc 101, 102, 103 Foundations of Science Sequence; Mth 111, 112, 113 Essentials of Mathematics; GE 120 Survey of Art; art electives (4 hours); Mus 111, 112, 113 Music Fundamentals; Psy 310 Human Development; Ed 310 Social Foundations of Education; HE 310 The School Health Program; plus the senior year at OCE. General education requirements must include: Eng 201, 202, 203 English Literature or Eng 251, 252, 253 World Literature and Hst 101, 102, 103 Civilizations for cultural legacy; and Psy 201 General Psychology and Soc 201 Principles of Sociology or Econ 201 Principles of Economics for systems of interpretation.

### **Minor Requirements**

One minor of 36 term hours (which may include the general education hours in the selected field) must be completed from the following: art, French,

humanities, mathematics, music, physical education, science, social studies, Spanish. Specific courses meeting these minor requirements are indicated in the "Guide for Teacher Education" available upon request.

### **Teacher Aide Concentration**

Students wishing to qualify for noncertified teacher aide positions in elementary schools are advised to complete the two-year program outlined in the "Guide for Teacher Education" available upon request.

## **SECONDARY TEACHER EDUCATION**

Under Oregon school law, five years of collegiate preparation including specified work in education and in subject fields are required for a standard teaching certificate. However, graduates of accredited colleges and universities who have completed an approved four-year teacher education program may be granted, upon graduation, a basic certificate, which is valid for three years. For renewal of the basic certificate after three years, 24 term hours of work toward the completion of the fifth-year program are required.

Teaching minors provide additional teaching fields for secondary teachers. Students seeking certification in a teaching minor must also complete an approved teaching major.

### **Secondary Teaching Requirements**

Ed 310 Social Foundations of Education; Ed 320 Psychological Foundations of Education; Ed 330 Principles of Secondary Education; Ed 340 Teaching Developmental Reading; Ed 350 Instructional Media; Psy 310 Human Development; Ed 305 September Participation; Ed 440 Teaching of ..... (Special

Methods); Ed 450, 451 Supervised Teaching and Seminar. General education requirements must include Psy 201 General Psychology for Systems of Interpretation.

### **Biology (B.S. Degree)**

*Teaching Major Requirements:* Thirty-six term hours of core courses are required including: GSc 310 Earth Environment or 320 Air and Water Environment; GSc 340 Environmental Science; Bi 101, 102, 103 General Biology; Bi 350 Genetics; Bi 360 Ecology; Bi 370 General Microbiology; Bi 430 Evolution; Bi 440 Teaching of Biology. General education requirements must include: Ch 111, 112, 113 General Chemistry for cultural legacy; and Mth 121 College Algebra and Ch 231, 232 Organic Chemistry for symbolics.

Twenty-four term hours in addition to the core are required to complete a major in biology and must include: Bi 300 Developmental Biology or Bi 310 Vertebrate Embryology; Bi 330 Physiology or 340 Plant Physiology; Bi 391, 392, 393 Senior Seminar.

*Teaching Minor Requirements:* Requirements identical to the 36-hour core plus the general education courses specified above.

### **Health**

*Teaching Minor Requirements:* Twenty-four term hours are required including: HE 200 Personal Health; HE 210 Community Health Problems; HE 320 Mental Health; HE 390 Safety Education; HE 230 First Aid; HE 310 The School Health Program; HE 300 Nutrition; HE 340 Marriage and Family; HE 350 Communicable and Noncommunicable Diseases; HE 360 Drug Education.

### **Integrated Science (B.S. Degree)**

*Teaching Major Requirements:* Sixty-three term hours are required including: Bi 101, 102, 103 General Biology; Ch 111, 112, 113 General Chemistry; GSc 310 Earth Environment; GSc 320 Air and Water Environment; GSc 330 Essentials of Astronomy; GSc 340 Environmental Science; GSc 440 Teaching of Science; 24 upper division terms hours in biology or Ph 201, 202, 203 General Physics and twelve upper division term hours in physics or chemistry. General education requirements must include: Mth 121 College Algebra and Mth 122, 123 Calculus with Analytic Geometry for symbolics.

*Teaching Minor Requirements:* Requirements identical to those for the major.

### **Language Arts (B.A. Degree)**

*Teaching Major Requirements:* Fifty-six term hours of core courses are required including: CA 111 Oral Communication; CA 221 Oral Interpretation; CA 330 Mass Media; CA 120 Introduction to Acting; Eng 310 Advanced Composition; Eng 311, 312 American Literature; Eng 201, 202, 203 English Literature; Eng 334 Nature of the English Language; Eng 300 Linguistics; Eng 381 Shakespeare; Eng 440 Teaching of English; Eng 444 Literature for Adolescents; Eng 473 Twentieth Century Novel; Eng 344 Literary Criticism. General education requirements must include: Eng 111 Writing and Research; Eng 112 Introduction to Literature; approved elective in communications for composition; and Eng 251, 252, 253 World Literature for cultural legacy.

Sixteen term hours in addition to the core are required for the norm in language arts including a minimum of five hours from each category. *Teaching Minor Requirements:* Requirements identical to those for the major.

### **Mathematics (B.S. Degree)**

*Teaching Major Requirements:* Fifty-five term hours are required including: Mth 121 College Algebra; Mth 122, 123 Calculus with Analytic Geometry; Mth 201, 202 Multivariable Calculus; Mth 321, 322 Modern Algebra; Mth 331 Probability and Statistics; Mth 411, 412 Modern Geometry; Mth 440 Teaching of Mathematics; Mth 210 Basic Programming; fourteen upper division term hours in mathematics.

General education requirements must include Ph 201, 202, 203 General Physics for symbolics.

*Teaching Minor Requirements:* Thirty-five term hours are required for the norm in elementary algebra and geometry including: Mth 121 College Algebra; Mth 122, 123 Calculus with Analytic Geometry; Mth 201, 202 Multivariable Calculus; Mth 210 Basic Programming; Mth 321, 322 Modern Algebra; Mth 411 Modern Geometry; Mth 440 Teaching of Mathematics.

Eighteen term hours are required for the norm in pre-algebra and general mathematics including: Mth 121 College Algebra; Mth 122, 123 Calculus with Analytic Geometry; Mth 210 Basic Programming; Mth 440 Teaching of Mathematics.

### **Music (B.A. Degree)**

*Teaching Major Requirements:* Sixty-three term hours are required including: Mus 221, 222, 223 Theory II; Mus 117, 118, 119 Introduction to Music Literature; Mus 311, 312, 313 Music History; Mus 320 Form and Analysis; Mus 410 Instrumentation and Or-

chestration; Mus 420 or 310 Composition or Counterpoint; Mus 201, 202, 203 Elementary Conducting; Mus 430 or 450 Instrumental or Choral Conducting; Mus 441, 442, 443 Public School Methods; Mus 210 String Techniques; Mus 220 Folk Instrument Techniques; Mus 230 Woodwind Techniques; Mus 250 Brass Techniques; Mus 260 Percussion Techniques; Mus 270 Vocal Techniques; two years of private lessons; large ensemble every term; piano proficiency. General education requirements must include: Mus 121, 122, 123 Theory I for symbolics.

The courses listed above fulfill the requirements for basic music (grades K-12). For basic music (grades K-9) Mus 475 Field Experience, music curriculum coordination and Ed 360 Teaching Reading in Elementary Schools are required, and Mus 410 Instrumentation and Orchestration and Mus 430 or 450 Instrumental or Choral Conducting may be omitted.

*Teaching Minor Requirements:* Requirements identical with those for the major.

### **Physical Education (B.S. Degree)**

*Teaching Major Requirements:* Forty term hours of core courses are required including: PE 360 Kinesiology; PE 441 Motor Development and Motor Skill Learning; PE 440 Teaching Physical Education; PE 330 Organization and Administration of Physical Education; PE 200 History and Principles of Physical Education; PE 350 Care and Prevention; PE 230 First Aid; PE 221-229, 231 Professional Activities. General education requirements must include: Bi 101, 102, 103 General Biology for cultural legacy; and Bi 320 Human Anatomy, and Bi 330 Physiology, and Psy 340 Statistical Procedures or Phi 220/320 Logic for symbolics.

Twenty-five term hours in addition to the core are required to complete a major in physical education and must include: PE 320 Adaptive and Corrective Physical Education, PE 400 Tests and Measurements, PE 430 Exercise Physiology, PE 475 Field Experience (one hour required), and sixteen term hours elected from the following: PE 300 Organization and Administration of Intramural Programs, PE 340 Rules and Officiating, PE 370 Camp Leadership, PE 380 Recreational Leadership, PE 390 Safety Education, PE 410 Coaching of Football, PE 420 Coaching of Basketball, PE 450 Coaching of Baseball, PE 460 Coaching of Track and Field, PE 475 Field Experience, PE 485 Selected Topics.

*Teaching Minor Requirements:* Requirements identical to the 40-hour core plus the general education courses specified above.

## Social Studies (B.A. or B.S. Degree)

*Teaching Major Requirements:* A minimum of 54 term hours is required including five of the following groups: (1) Hst 201, 202 United States, three to five upper division term hours in American history; (2) Hst 101, 102 Civilizations, three to five upper division term hours in world history; (3) Geo 200, 210 Geography; (4) PSc 200 Introduction to Political Science; PSc 210 American Government, three to four upper division term hours in political science; (5) Econ 201, 202, 203 Principles of Economics; (6) Soc 201 Principles of Sociology, Soc 202 Social Problems, three to five upper division term hours in sociology; (7) Psy 201 General Psychology, Psy 310 Human Development, Psy 320 Psychological Foundations of Education, three to five upper division term hours in psychology; (8) Soc 301 Cultural Anthropology, Soc 332 Ethnic Group Problems. Two of the following must be completed excluding courses counted above: SS 340 Environmental Science; Soc/PSc/Econ 326 Urban Problems; Soc/PSc/Econ 332 Ethnic Group Problems. Both of the following are required: SS 440 Teaching Social Studies; SS 490 Social Science Seminar. Courses taken in social science to fulfill general education requirements may not be applied toward the 54 hours. The following courses may simultaneously satisfy requirements in social science and professional education: Psy 310 Human Development and Psy 320 Psychological Foundations of Education.

*Teaching Minor Requirements:* Requirements identical to those for the major. Social science courses may simultaneously satisfy general education requirements when completed as a second teaching field.

## EDUCATION

### Lower Division

#### Ed 175/375 FIELD EXPERIENCE

1 hour, maximum 6 hours. A laboratory experience consisting of work as a teacher's aide in the classroom of a public school for a minimum of 35 hours during the term. Teacher aide assignments will be

made and supervised by the director of teacher education and school district personnel. Prerequisite: Instructor's permission.

### Upper Division

#### Ed 305 SEPTEMBER PARTICIPATION

0 hours. A two-week period of observation in the home high school of the teacher education candidate at the opening of the public school year. Intended to provide a laboratory experience immediately prior to the junior sequence of professional education courses. Admission by application only.

#### Ed 310 SOCIAL FOUNDATIONS OF EDUCATION

3 hours. An introduction to the American educational system from a social and cultural perspective with emphasis upon the role of minority groups in a democratic society.

#### Ed 320 PSYCHOLOGICAL FOUNDATIONS OF EDUCATION

4 hours. A study of psychological basis of learning processes including individual and group differences. Intended to relate the student's understanding of factors affecting learning, thinking, memory, transfer of training, use of learning experiences, learning climate, and other pertinent factors to modern classroom practices. Identical with Psy 320. Prerequisite: Psy 201 General Psychology, or permission of the instructor.

#### Ed 330 PRINCIPLES OF SECONDARY EDUCATION

2 hours. A study of general principles of education methodology. Designed to develop competency in setting learning goals, planning teaching units, managing classroom activities, reporting pupil progress, and other related tasks. Prerequisite: Admission to the teacher education program, Ed 310 Social Foundations of Education, or permission of the instructor.

#### Ed 331 SECONDARY EDUCATION I

7 hours, fall term. An integration of Social Foundations of Education and Psychological Foundations of Education with extensive field experience in secondary schools. Prerequisites: Admission to teacher education, two credits in Ed 175 Field Experience or Ed 305 September Participation, and Psy 310 Human Development.

#### Ed 332 SECONDARY EDUCATION II

7 hours, winter term. An integration of Principles of Secondary Education, Instructional Media, and

Teaching Developmental Reading with extensive field experience in secondary schools. Prerequisite: Ed 331 Secondary Education I.

**Ed 340 TEACHING OF DEVELOPMENTAL READING**  
3 hours. Designed to develop competencies in a program of pupil progress and growth in reading from kindergarten through grade twelve. Deals with such basic aspects as readiness, skills in diagnosing pupils' needs, the interrelatedness of reading, composition, and other language understandings, study skills, reading rate, and comprehension.

**Ed 350 INSTRUCTIONAL MEDIA**

2 hours. Designed to prepare the prospective teacher as well as the professional in many other fields to select, produce, and use instructional media such as pictures, posters, bulletin boards, transparencies, slides, recordings, films, television, and programmed instruction to implement learning. Two lectures and one laboratory period per week. Identical with CEd 350.

**Ed 360 TEACHING READING IN THE ELEMENTARY SCHOOLS**

3 hours. Methods and materials for teaching of reading with particular attention to various levels of skill development. Field experiences are integrated with classroom activities. Prerequisite: Ed 320 Psychological Foundations of Education, or consent of instructor.

**Ed 410 GUIDANCE AND COUNSELING**

5 hours. Identical with Psy 410.

**Ed 440 TEACHING OF . . . . . (SPECIAL METHODS)**

3 hours. A course in the special methods of instruction appropriate to the particular teaching major or minor emphasizing procedures, teaching techniques, and materials. Identical with Eng 440, Bi 440, Mth 440, GSc 440. Prerequisite: Ed 330 Principles of Secondary Education.

**Ed 450 SUPERVISED TEACHING**

12 hours. A laboratory experience in which principles and methods of teaching may be employed under supervision. A full-day, full-term assignment in which direct responsibility for planning and implementing learning activities is provided. Admission by application only.

### **Ed 451 SUPERVISED TEACHING SEMINAR**

3 hours. Designed to provide liaison between the college and the public school during the supervised teaching experience. Teaching methods, professional ethics, and self-analysis of teaching behavior will be discussed. Must be taken concurrently with Ed 450 Supervised Teaching. Admission by application only.

### **Ed 470 THE JUNIOR HIGH SCHOOL**

3 hours. Offered 1975-76 and alternate years. The history, philosophy, curriculum, and rationale for the junior high school in the American educational scheme. Also takes a look at the adolescent and his needs—suggests some ways of meeting these needs.

### **Ed 485 SELECTED TOPICS**

### **HE 285/485 SELECTED TOPICS**

3 hours. A seminar dealing with various topics as announced that represent current faculty interests and competencies.

## **PHYSICAL EDUCATION (B.S. Degree)**

### **General Requirements in Physical Education**

Six hours in physical education or four hours in physical education and two hours in health are required for graduation. These may be selected from

PE 101-119. PE 125 (men) or PE 135 (women) Adapted Activities are offered to meet the requirement for those who cannot participate in the 101 to 119 sections because of physical limitations. Up to three hours may be satisfied by proficiency testing or may be satisfied by completion of twelve hours of PE 221-229 Professional Activities upon consent of instructor.

## **Major Requirements**

A student must complete a minimum of 65 hours in physical education, 38 of which must be upper division courses, including PE 200 History and Principles of Physical Education; PE 221-229, 231 Professional Activities; PE 230 First Aid; PE 320 Adaptive and Corrective Physical Education; PE 330 Organization and Administration of Physical Education; PE 350 Care and Prevention of Athletic Injuries; PE 360 Kinesiology; PE 400 Tests and Measurements in Physical Education; PE 430 Exercise Physiology; PE 440 Teaching of Physical Education; PE 441 Motor Development and Motor Skill Learning; PE 475 Field Experience in Physical Education. Courses selected to satisfy general education requirements should include Bi 101, 102, 103 General Biology; Bi 320 Human Anatomy; Bi 330 Physiology; and Psy 340 Statistical Procedures or PHL 220/320 Logic.

See beginning of chapter for description of secondary teaching major.

## **Physical Education and Religion**

An interdisciplinary major may be elected from the fields of physical education and religion. A minimum of 72 term hours is required for the major and may be distributed according to the following options:

*Option I*—A minimum of 36 hours in the Division of Religion (consult division for specific courses and requirements for the Bachelor of Arts degree) and eighteen hours in health and physical education to include PE 227 Professional Activities Aquatics, PE 230 First Aid, PE 370 or 380 Camp Leadership or Recreational Leadership, PE 475 Field Experience, and eight additional hours selected from PE 300 Organization and Administration of Intramural Sports, PE 229 Professional Activities Rhythms, PE 231 Professional Activities Developmental Activities, Games, and Stunts, PE 440 Teaching Physical Education, PE 330 Organization and Administration of Physical

Education, HE 390 Safety Education, HE 360 Drug Education, HE 320 Mental Health, PE 370 or 380 Camp Leadership or Recreational Leadership.

*Option II*—A minimum of 36 hours in health and physical education, to include all of the courses in health and physical education listed in Option I and eighteen hours in the Division of Religion.

For either option eighteen hours from one field or nine hours from two fields must be selected from: art, education, psychology, music, science, speech, drama, sociology, business, Spanish, and political science.

## **Lower Division**

### **PE 101-119 PHYSICAL EDUCATION ACTIVITIES**

1 hour. Six hours of credit required for graduation. (Two hours of health education may fulfill two hours of the required six hours.) Instruction in fundamental skills, rules, and strategy. Personal selection may be made from a variety of sports, recreational, and leisure-time activities as they are scheduled each term. Each activity may be repeated once as an advanced number beginning with a "3."

### **PE 125/135 ADAPTED ACTIVITIES**

1 hour. Six hours of credit required for graduation. Offered to those men (125) and women (135) who are unable to participate in regular physical education activities because of physical limitation. A statement from the student's physician is required.

### **PE 145, 245, 345, 445 ATHLETICS**

1 hour. Participation on athletic teams applicable to meeting the general education requirements in physical education. Not more than two hours may be earned in any sport nor more than three hours applied toward general education.

### **PE 200 HISTORY AND PRINCIPLES OF PHYSICAL EDUCATION**

3 hours. Offered 1974-75 and alternate years. A survey of the development of physical education with emphasis upon fundamental principles and modern programs.

### **PE 221 CO PROFESSIONAL ACTIVITIES**

2 hours. Advanced instruction in skills, teaching techniques, rules, and strategy for basketball and volleyball.

**PE 222 M/W PROFESSIONAL ACTIVITIES**

2 hours. Offered 1974-75 and alternate years. Advanced instruction in skills, teaching techniques, rules, and strategy covering touch football and soccer for men and speedball and field hockey for women.

**PE 223 CO PROFESSIONAL ACTIVITIES**

2 hours. Advanced instruction in skills, teaching techniques, spotting, and safety factors involved in tumbling and gymnastics.

**PE 224 CO PROFESSIONAL ACTIVITIES**

2 hours. Advanced instruction in skills, teaching techniques, rules, and strategy for softball and track.

**PE 225 CO PROFESSIONAL ACTIVITIES**

2 hours. Advanced instruction in skills, teaching techniques, rules, and strategy covering badminton, bowling, and handball for men or recreational games for women.

**PE 226 CO PROFESSIONAL ACTIVITIES**

2 hours. Advanced skills and game techniques in tennis, golf, and archery with tournament organization and administration applied.

**PE 227 CO PROFESSIONAL ACTIVITIES**

2 hours. Advanced skills in aquatics dealing with water safety and performance strokes as well as water games.

**PE 228 M/W PROFESSIONAL ACTIVITIES**

2 hours. Offered 1975-76 and alternate years. Advanced instruction in skills, teaching techniques, and strategy relating to wrestling and conditioning for men and movement, body mechanics, and conditioning for women.

**PE 229 CO PROFESSIONAL ACTIVITIES**

2 hours. Advanced skills in folk rhythms, international folk games, and basic forms of locomotion.

**PE 230 FIRST AID**

2 hours. Offered 1975-76 and alternate years. Instruction in first aid, leading to the standard and advanced American Red Cross certificate.

**PE 231 DEVELOPMENTAL ACTIVITIES, GAMES, AND STUNTS**

2 hours. Emphasis on mechanics of movement;

games of low organization; fundamental sports skills; stunts and tumbling; and self-testing activities.

**Upper Division****PE 300 ORGANIZATION AND ADMINISTRATION OF INTRAMURAL PROGRAMS**

2 hours. Offered 1974-75 and alternate years. A study of the construction of intramural programs including objectives, methods, materials, and typical problems. Laboratory experience in the college intramural program.

**PE 320 ADAPTIVE AND CORRECTIVE PHYSICAL EDUCATION**

2 hours. Special instruction in therapeutic applications of physical education to the handicapped student.

**PE 330 THE ORGANIZATION AND ADMINISTRATION OF HEALTH AND PHYSICAL EDUCATION**

3 hours. Instruction in the planning and implementing of programs of physical education including designing the curriculum; budgeting and purchasing; and using buildings, grounds, and recreational areas. Professionalism in conduct and ethics is stressed.

**PE 350 THE CARE AND PREVENTION OF ATHLETIC INJURIES**

2 hours. Offered 1974-75 and alternate years. A course dealing with the prevention of, first aid for, and therapy for athletic injuries. Special attention is given to the organization and management of the training room.

**PE 360 KINESIOLOGY**

3 hours. Application of human anatomy and physical laws to the explanation of movement activities. Special emphasis is given to detailed analysis of various sports activities. Prerequisite: Bi 320 Human Anatomy

**PE 370 CAMP LEADERSHIP**

3 hours. Offered 1974-75 and alternate years. In-

struction in camp leadership emphasizing methods and materials needed in administration of camping programs. Relationship to crafts, outdoor activities, and recreational sports and games is stressed.

#### **PE 380 RECREATIONAL LEADERSHIP**

3 hours. Offered 1975-76 and alternate years. An application of leadership techniques, methods, and materials to recreational activities for home, school, church, camp, and community.

#### **PE 390 SAFETY EDUCATION**

2 hours. Offered 1975-76 and alternate years. Identical with HE 390.

#### **PE 400 TESTS AND MEASUREMENTS IN PHYSICAL EDUCATION**

3 hours. Emphasis is given to the importance of evaluation in programs of physical education. Testing procedures, standard tests, physical examinations, and evaluation activities are discussed.

#### **PE 410 COACHING OF FOOTBALL**

2 hours. Offered 1974-75 and alternate years. An analysis of systems of play, principles of offense and defense, and strategies of the game. The organization of practice sessions, administration of games, and techniques of scouting are stressed.

#### **PE 420 COACHING OF BASKETBALL**

2 hours. Offered 1975-76 and alternate years. An analysis of systems of play, principles of offense and defense, and strategies of the game. The organization of practice sessions, administration of games, and techniques of scouting are stressed.

#### **PE 430 EXERCISE PHYSIOLOGY**

3 hours. Application of principles of physiology to physical activity. Special attention is given to the effect of exercise on the various body systems and the construction of training programs. Prerequisite: Bi 330 Physiology.

#### **PE 440 TEACHING OF PHYSICAL EDUCATION**

5 hours. An analysis of objectives, curriculum construction and program planning, unit and lesson plans, instructional methods, and evaluation procedures. Prerequisite: Ed 330 Principles of Secondary Education.

#### **PE 441 MOTOR DEVELOPMENT AND MOTOR SKILL LEARNING**

2 hours. A study of the development of motor skills with specific application of the psychological principles of learning to motor skill learning. A review of research and an inquiry into the effect of various conditions on the learning and performance of motor skills.

#### **PE 450 COACHING OF BASEBALL**

2 hours. Offered 1974-75 and alternate years. A study of systems of play, principles of offense and defense, and strategies of the game. The organization of practice sessions, administration of games, and the techniques of scouting are stressed.

#### **PE 460 COACHING OF TRACK AND FIELD**

2 hours. Offered 1975-76 and alternate years. A study of the principles of coaching each event. The organization of practice sessions and the strategy for and administration of meets.

#### **PE 475 FIELD EXPERIENCE IN HEALTH, PHYSICAL EDUCATION, AND RECREATION**

1-5 hours. Supervised experience in health, physical education, or recreation institutions. Prerequisite: Consent of instructor.

#### **PE 485 SELECTED TOPICS**

3 hours. A seminar dealing with various topics as announced that represent current faculty interests and competencies.

#### **PE 495 SPECIAL STUDY**

1-3 hours. Individual research under the guidance of the faculty. Prerequisite: Consent of instructor.

# Division of Fine and Applied Arts

Basic objectives of the division are:

1. To give students an opportunity to acquire an appreciation of art, a knowledge of art fundamentals, and a basic foundation for further study in art.
2. To give students an opportunity to acquire an appreciation of music through chapel programs, recitals, and concerts.
3. To give all students an understanding of music through general courses such as Survey of Music, Applied Music, Music Ensembles.
4. To equip talented students with skills needed to pursue a career in music.

## ART

### GE 120 SURVEY OF ART

2 hours. An introductory course that explores the historic and cultural significance of painting, sculpture, architecture, and other art forms.

### AA 111, 112 BASIC DESIGN

2 hours each term. Introduction to three dimensional design as it applies to architecture and sculptural forms in ceramics, wood, metal, and plaster.

### AA 210, 220, 230 CERAMICS

2 hours each term. To be taken in sequence. Offered on sufficient demand. Individual projects with emphasis on design and form. Practice in ceramic techniques and use of related materials: hand building, molding, glazing, and firing.

### AA 211, 212, 213 STUDIO ART

2 hours each term. Fall term: drawing with pencil, charcoal, and pen and ink. Winter and spring terms: painting, sculpture, ceramics, printing.

### AA 222 CRAFTS

2 hours. Techniques for development of an art program in the elementary classroom including: methods, materials, and a wide variety of media.

### AA 231, 232/331, 332 LETTERING

2 hours each term. Offered on sufficient demand. Work with flat-edged pen, brush, and speed-ball pen; a study of italic letter forms and an introduction to other letter forms; and an analysis of problems of layout and design.

### AA 295/495 SPECIAL STUDY

1-3 hours. Special projects by permission of the instructor.

## MUSIC (B.A. Degree)

### Major Requirements

A student must complete a minimum of 54 term hours in music in addition to private lessons and ensemble classes. Students must enroll in piano class until they pass a proficiency test. Mus 121, 122, 123 Theory I fulfills the symbolics requirement in general education. Required courses: Mus 117, 118, 119 Introduction to Music Literature; Mus 221, 222, 223 Theory II; Mus 201, 202, 203 Elementary Conducting; Mus 311, 312, 313 Music History; Mus 310 Counterpoint; Mus 320 Form and Analysis; Mus 420 Composition; and Mus 491, 492, 493 Senior Seminar. Students must enroll in an applied lesson and a large ensemble each term they are registered as a major.

See the Division of Education for description of requirements for secondary teaching majors and minors.

### Interdisciplinary Majors (B.A. Degree)

*Music and Religion.* An interdisciplinary major may be elected from the fields of music and religion. A minimum of 72 term hours is required for the Music and Religion major and must be distributed as follows: a minimum of 36 hours in music; eighteen

hours in religion; and nine hours in two of the following fields: art, education, psychology, science, communication arts, drama, sociology, business, Spanish, political science, and physical education. A student may elect one eighteen-hour block rather than two nine-hour blocks. The recommended 36 hours of music courses are: Music Theory I, Elementary Conducting, Vocal Techniques, Folk Techniques (Guitar), Church Music, Music History, Applied Lessons, and Ensemble. The eighteen hours taken in the Division of Religion may be chosen from the fields of Christian education, Bible, philosophy, and religion after consultation with the religion faculty.

*Religion and Music.* See Division V for description of the Religion and Music major.

### **Minor Requirements**

A student must complete a minimum of 21 term hours in addition to two years of private lessons and ensemble experience. Required courses: Mus 117, 118, 119 Introduction to Music Literature; Mus 121, 122, 123 Theory I; and either Mus 201, 202, 203 Elementary Conducting or three hours of music elective.

### **Applied Music**

Individual instruction is offered in piano, organ, strings, woodwinds, brass, percussion, and guitar. Private lessons carry one term hour credit for one lesson per week. Music majors are required to enroll in applied music lessons each term they are listed as a major. Music Education majors are required to enroll in applied lessons for two years or until they complete a half recital. All students enter the applied program at the 100 level and automatically advance to the 200 level. However, before being advanced to upper division study, the student must pass a faculty jury. 3 hours (1 hour each term). Directed laboratory practice in the basic skills of communication most needed by the individual student: listening, speaking, writing, reading, grammar.

#### Spn 321, 322, 323 SPANISH LITERATURE

3 hours each term. Offered 1975-76 and alternate years. A study of the important writers, works, and literary movements of Spanish literature since the Middle Ages. Lectures, class discussion, outside readings, and reports. Conducted in Spanish. Prerequisite: Ability to understand spoken and written Spanish.

#### Spn 350 SPANISH AMERICAN LITERATURE

3 hours. Offered 1974-75 and alternate years. Selection and study of representative literary works of Spanish America with authors and literary movements during the colonial, revolutionary, and modern periods. Conducted in Spanish.

#### Spn 370 MODERN SPANISH LITERATURE

3 hours. Offered 1974-75 and alternate years. Spanish literature since the Spanish Civil War. Principal types and authors. Reading and analysis of texts. Conducted in Spanish.

#### Spn 460 APPLIED SPANISH LANGUAGE

6 hours. Required of all majors. A minimum of one term enrolled in a Spanish-speaking institution of higher learning with a minimum of six hours credit earned. Courses taken must be in conversation and grammar and must be approved in advance by the language instructor and the chairman of the division. Sustained use of the Spanish language abroad as an active daily working language along with tested proficiency may satisfy this requirement on approval of the Spanish department.

#### Spn 485 SELECTED TOPICS

3 hours. Offered occasionally as a professor desires to present a special field to advanced students.

#### Spn 491, 492 SENIOR SEMINAR

2 hours fall term; 1 hour winter term. Study of selected topics in Spanish and in areas of student need and interest in the major.

#### Spn 495/295 INDIVIDUAL RESEARCH OR FIELD WORK

1-9 hours may be earned at the discretion of the department and the chairman of the division. Students must have permission to register in the course.

# Division of Natural Science

Basic objectives of the division are:

1. To help the student develop an awareness and understanding of his environment.
2. To prepare the student for advanced study in these and related fields.
3. To provide the necessary discipline for increased competence in intellectual pursuits.
4. To provide a background for studies in psychology, sociology, education, and related subjects.

## Majors Offered

The division offers subject majors in biology, chemistry, environmental science, home economics, and mathematics. It offers secondary teaching majors and minors in biology, integrated science, and mathematics (see the Education Division for description of the teaching programs).

In addition to the majors listed in the chapter, "The Academic Program," the Division of Natural Science offers a joint degree Medical Technology program with Good Samaritan Hospital in Portland.

## BIOLOGY (B.S. Degree)

### Major Requirements

Fifty-one term hours in biology are required including Bi 101, 102, 103 General Biology and at least 39 hours of upper division biology courses to include Bi 311, 312 Plant Morphology and Bi 491, 492, 493 Senior Seminar. In the general education pro-

gram, twelve hours of Ch 111, 112, 113 General Chemistry are required to meet cultural legacy, and eight hours of Ch 231, 232 Organic Chemistry and four hours of Ch 210 Quantitative Analysis are required to fulfill symbolics. In addition, four hours of Mth 121 or the equivalent are required. Each biology major is required to prepare a research paper during his senior year, which must report independent research.

### Lower Division

#### Bi 101, 102, 103 GENERAL BIOLOGY

4 hours each term. An introduction to the science of living things. Includes human anatomy and physiology, a study of the anatomy and physiology of higher plants, an introduction to the study of heredity, and a brief survey of the plant and animal kingdoms. Three lectures and one laboratory period per week.

### Upper Division

#### Bi 300 DEVELOPMENTAL BIOLOGY

4 hours. Offered 1974-75 and alternate years. Cell and tissue differentiation studies as they apply to growth and development; physiological and molecular emphasis. Three lectures and one two-hour laboratory per week.

#### Bi 310 VERTEBRATE EMBRYOLOGY

4 hours. Offered 1975-76 and alternate years. A study of cleavage, organogeny, and general development of typical vertebrates. Two lectures and two laboratory periods per week. Prerequisite: Bi 101, 102, 103 General Biology.

#### Bi 311, 312 PLANT MORPHOLOGY

5 hours each term. A survey of the plant kingdom emphasizing form, reproduction, development, and classification. Four lectures and one laboratory period per week.

#### Bi 320 HUMAN ANATOMY

5 hours. A study in detail of the major systems of the

human body. Three lectures and two laboratory periods per week. Prerequisite: Bi 101, 102, 103 General Biology.

**Bi 321, 322 COMPARATIVE VERTEBRATE ANATOMY**  
4 hours each term. Offered 1974-75 and alternate years. A comparative study of the members of the phylum Chordata. Two lectures and two laboratory periods per week. Prerequisite: Bi 101, 102, 103 General Biology.

**Bi 330 PHYSIOLOGY**

4 hours. Functions of the human body, stressing tissues, organs, and organ systems. Two lectures and two laboratory periods each week. Prerequisite: Bi 101, 102, 103 General Biology.

**Bi 340 PLANT PHYSIOLOGY**

5 hours. Offered 1974-75 and alternate years. A study of plant function from the level of the organelle to that of the organ. Photosynthesis, respiration, water relations, growth and development, mineral nutrition, and other topics will be covered. Four lectures and one laboratory period per week. Prerequisite: Bi 101, 102, 103 General Biology.

**Bi 350 GENETICS**

3 hours. Offered 1975-76 and alternate years. A study of the basic principles of inheritance. Suggested as a valuable elective for students in psychology, sociology, theology, or education. Three lectures per week. Prerequisite: Bi 101, 102, 103 General Biology.

**Bi 350L GENETICS LABORATORY**

1 hour. Offered 1975-76 and alternate years. Optional in combination with Bi 350 Genetics.

**Bi 360 ECOLOGY**

4 hours. Offered 1975-76 and alternate years. A study of the relationship of living organisms to their environment. Prerequisite: Bi 101, 102, 103 General Biology.

**Bi 370 GENERAL MICROBIOLOGY**

5 hours. Offered 1975-76 and alternate years. A course in the structure, activities, classification, and methods of study of microorganisms. Viruses, bacteria, fungi, rickettsia, PPLO, and protozoans will be studied. Three lectures and two laboratory periods per week.

**Bi 380 ORNITHOLOGY**

4 hours. Offered 1974-75 and alternate years. A study of bird structure, adaptations, migrations, identification, habits, and economic importance. Designed for students with a hobby interest in birds and for biology majors. Two lectures per week with laboratory and extensive field work. Prerequisite: Bi 101, 102, 103 General Biology.

**Bi 430 EVOLUTION**

3 hours. Offered 1975-76 and alternate years. A study of the theory of organic evolution as it relates to the taxonomic units of living organisms and a survey of the various schools of thought in the interpretation of evolution.

**Bi 440 TEACHING OF BIOLOGY**

3 hours. Identical with Ed 440.

**Bi 460 SYSTEMATIC BOTANY**

4 hours. Offered 1975-76 and alternate years. Collection, identification, and classification with emphasis on the Angiosperms. Topics in experimental taxonomy, literature of taxonomy, systems and history of classification, and evolution of the Angiosperms are considered. Two lectures and two laboratory sessions per week and field work.

**Bi 461 SYSTEMATIC BOTANY FIELD STUDY**

2 hours. Offered 1975-76 and alternate years. Concurrent with Bi 460. Involves field and laboratory work in plant identification. Prerequisite: Consent of instructor.

**Bi 485 SELECTED TOPICS**

3-4 hours. A variety of topics may be offered reflecting special interests of faculty, visiting professors, or recent developments in biology. Prerequisite: Bi 101, 102, 103 General Biology.

**Bi 491, 492, 493 SENIOR SEMINAR**

1 hour each term. Three hours are required of biology majors.

**Bi 495 SPECIAL STUDY**

1-4 hours. Specific instructional programs, laboratory research, or independent study as planned under advisement of the department for upper division students. A total of not more than six hours may be applied toward major.

**CHEMISTRY (B.S. Degree)****Major Requirements**

Fifty-one hours in chemistry to include Ch 111, 112, 113 General Chemistry; Ch 231, 232 Organic Chemistry; Ch 210 Quantitative Analysis, and Ch 401-407 Physical Chemistry. In the general education program, twelve hours of Ph 201, 202, 203 General Physics are required to meet cultural legacy. Mathematics through Mth 202 Multivariable Calculus is required, twelve hours of which will meet the symbolics requirement.

**Lower Division****Ch 111, 112, 113 GENERAL CHEMISTRY**

4 hours each term. A study of fundamental chemical phenomena and principles including theories for their interpretation. Laboratory instruction emphasizes quantitative aspects of chemistry. Spring term includes inorganic qualitative analysis. Programmed techniques are used to individualize instruction. Two lectures and two laboratory periods per week. Prerequisite: One year of high school chemistry or acceptable test scores.

**Ch 210 QUANTITATIVE ANALYSIS**

4 hours. Emphasizes the skills and techniques of chemical measurements. Includes classical gravimetric and volumetric procedures and an introduction to spectrophotometric and chromatographic procedures. Theoretical basis of each procedure is considered. A service course for premedical, dental, and medical technology students. Two lectures and two three-hour laboratory periods per week. Prerequisite: Ch 113 General Chemistry.

**Ch 231, 232 ORGANIC CHEMISTRY**

4 hours each term. A study of principles, structure, bonding, reactions, and energy as related to carbon chemistry. The laboratory stresses materials, equipment, and skills that are involved in synthesis, purification, and identification of representative groups of organic compounds. Three lectures and one three-hour laboratory period per week. Prerequisite: Ch 113 General Chemistry.

**Upper Division****Ch 310 INSTRUMENTAL ANALYSIS**

4 hours. Offered 1975-76 and alternate years. Methods and theories of chemical analysis with emphasis

on current applications and instrumentation. Two lectures and two three-hour laboratory periods per week. Prerequisite: Ch 210 Quantitative Analysis.

#### Ch 320 QUALITATIVE ORGANIC CHEMISTRY

4 hours. Offered 1975-76 and alternate years. The application of chemical and spectroscopic methods for the identification of organic compounds and classes of compounds. Two lectures and two three-hour laboratory periods per week. Prerequisite: Ch 232 Organic Chemistry.

#### Ch 340 BIOCHEMISTRY

4 hours. Offered 1975-76 and alternate years. An introduction to the chemistry of substances involved in life processes. The structures, reactions, and energy transformations of these compounds are considered. Laboratory involves a study of properties, purification, and identification of bio-organic compounds. Three lectures and one three-hour laboratory period per week. Prerequisite: Ch 232 Organic Chemistry.

#### Ch 350 BASIC ELECTRONICS AND CIRCUITS

4 hours. Offered 1975-76 and alternate years. Identical with Ph 350.

#### Ch 401, 402, 403 PHYSICAL CHEMISTRY

3 hours each term. Offered 1974-75 and alternate years. An introduction to modern theoretical chemistry emphasizing thermodynamics, kinetics, and molecular structure. Two lectures and one recitation period per week. Prerequisite: Mth 202 Multivariable Calculus and Ph 203 General Physics

#### Ch 405, 406, 407 PHYSICAL CHEMISTRY

##### LABORATORY

1 hour each term. Optional in combination with Ch 401, 402, 403 Physical Chemistry.

#### Ch 475 FIELD EXPERIENCE

1-5 hours. Supervised experience with an off-campus industry or agency using applied chemistry. Prerequisite: consent of advisor.

#### Ch 485 SELECTED TOPICS

3-4 hours. A variety of topics may be offered reflecting special interests of faculty, visiting professors, or recent developments in chemistry. Prerequisite: Ch 111, 112, 113 General Chemistry.

#### Ch 495 SPECIAL STUDY

1-3 hours. Specific instructional programs, laboratory research, or independent study as planned under advisement of the department for upper division students. A total of not more than six hours may be taken.

## GENERAL SCIENCE

#### Lower Division

##### GSc 101 FOUNDATIONS OF EARTH SCIENCE

4 hours. Offered 1975-76 and alternate years. The basic concepts, language, and methodology of geology, meteorology, astronomy, and oceanography are considered with laboratory experience drawn from local phenomena. Three lectures and one laboratory period per week.

##### GSc 102 FOUNDATIONS OF PHYSICS

4 hours. Offered 1975-76 and alternate years. A survey of some basic topics related to the field of physics such as motion, energy, sound, electricity, relativity. Emphasis on vocabulary and broad principles. Extensive mathematics background not required. Three lectures and one laboratory period per week.

##### GSc 103 FOUNDATIONS OF CHEMISTRY

4 hours. Offered 1975-76 and alternate years. Emphasis on topics related to the field of chemistry. Survey of modern theory and applications. Recommended for students with no previous training in chemistry or whose college aptitude scores indicate a need for introduction to chemistry prior to taking Ch 111 General Chemistry.

##### GSc 310 EARTH ENVIRONMENT

3 hours. Offered 1974-75 and alternate years. A study of soil, rocks, mineral resources, and geologic changes of past and present as related to the conservation and preservation of the earth as the habitation of man. Two lectures and one laboratory per week.

##### GSc 320 AIR AND WATER ENVIRONMENT

3 hours. Offered 1974-75 and alternate years. A study of processes that occur to produce weather, the hydrological cycle, and clean air and water. Charting local weather phenomena and analysis of water will be done as part of laboratory experience. Two lectures and one laboratory per week.

### **GSc 330 ESSENTIALS OF ASTRONOMY**

3 hours. Offered 1974-75 and alternate years. A study of the solar system, constellations, stars, stellar system, and deep space phenomena as well as cosmology. Three lectures per week with periodic night laboratories.

### **GSc 340 ENVIRONMENTAL SCIENCE**

3 hours. Offered 1974-75 and alternate years. A study of the effect of environment on man and man on the environment from physical, biological, and social view of human population and technology. Prerequisite: one year of college science. Identical with SS 340.

### **GSc 420 CREATION**

3 hours. Offered 1975-76 and alternate years. An examination of scientific, archeological, and historical evidences related to origins and earth history from which a comparison of creation and evolutionary models is made.

### **GSc 440 TEACHING OF SCIENCE**

3 hours. Identical with Ed 440.

### **GSc 495 SELECTED TOPICS**

3 hours. A variety of topics may be offered, for example: history of science, philosophy of science, effects of technology, etc. Prerequisite: Upper division standing.

## **HOME ECONOMICS (B.S. Degree)**

### **Major Requirements**

A minimum of 56 term hours in home economics courses is required and must include: HEc 111, 112 Foods; HEc 121, 122 Clothing Construction; HEc 200/300 Nutrition; HEc 230 Textiles; HEc 260 Clothing Selection; HEc 270 Problems in Clothing; HEc 290 Meal Planning; HEc 350 Home Decoration; HEc 360 Consumer Buying; HEc 380 Construction with Special Fabrics; HEc 320 Advanced Clothing Construction (Tailoring); and HEc 430 Home Management House. A science course, preferably chemistry, is also required. It fulfills the general education requirements for symbolics and tools basic to a B.S. major. In addition the following electives are recommended: HEc 310 Human Growth and Development; and HEc 340 Marriage and the Family.

### **Lower Division**

#### **HEc 111, 112 FOODS**

4 hours each term. A study of securing and maintaining a good state of nutrition, the preparation and use of common foods, planning and serving meals, marketing, preservation of foods. One lecture and two laboratory periods per week.

#### **HEc 121, 122 CLOTHING CONSTRUCTION**

4 hours each term. The development of a wholesome attitude toward clothing construction; of ability to construct clothing quickly, accurately, and with perfect fit; of ability to recognize fitting problems and how to correct them.

#### **HEc 200/300 NUTRITION**

4 hours. The relation of food to proper nutrition, the factors that influence its nutritive value, and recent trends in dietary habits. Identical with HE 300.

#### **HEc 230 TEXTILES**

4 hours. Offered 1975-76 and alternate years. The study of textiles, their relation to the work of the household, and clothing problems.

#### **HEc 240 HOME MANAGEMENT AND EQUIPMENT**

4 hours. Offered 1975-76 and alternate years. The study of social and economic problems found in the home, such as housing, house management, household production, and the adequacy and use of personal and family income. Includes a unit on use and care of household equipment.

#### **HEc 260 CLOTHING SELECTION**

4 hours. Offered 1975-76 and alternate years. Artistic and economic factors in the selection of clothing for the individual and the family.

#### **HEc 270 PROBLEMS IN CLOTHING**

4 hours. Offered 1975-76 and alternate years. Pattern alteration, fitting, and clothing construction with advanced techniques. Special problems in silk and wool. A matching project required. Prerequisites: HEc 260 Clothing Selection, HEc 121, 122 Clothing Construction.

#### **HEc 290 MEAL PLANNING**

4 hours. Offered 1974-75 and alternate years. Includes purchasing, menu making, and meal management. Emphasis on food preparation, and time and money management.

## **Upper Division**

### **HEc 310 HUMAN DEVELOPMENT**

5 hours. Identical with Psy 310 Human Development.

### **HEc 320 ADVANCED CLOTHING CONSTRUCTION**

4 hours. Offered 1974-75 and alternate years. Emphasis on tailoring dresses, suits, and coats. Prerequisite: HEc 121, 122 Clothing Construction.

### **HEc 340 MARRIAGE AND THE FAMILY**

3 hours. Offered 1974-75 and alternate years. Identical with Soc 340.

### **HEc 350 HOME DECORATION**

4 hours. Offered 1975-76 and alternate years. Principles involved in the planning, furnishing, and decorating of a home. Emphasis is placed on practical homemaking for the moderate type of home. Workshops are incorporated, giving experience in decorating with do-it-yourself projects.

### **HEc 360 CONSUMER BUYING**

3 hours. Offered 1974-75 and alternate years. Deals with the aspects of the economic system in which consumers operate, with emphasis on individual problems and procedures. Emphasis on buying with the American way of living in mind—particularly problems and aids in purchasing clothing and textiles.

### **HEc 380 CONSTRUCTION WITH SPECIAL FABRICS**

4 hours. Offered 1974-75 and alternate years. Learning techniques that are unique to knit fabrics and garments that lend themselves particularly to knit fabrics.

### **HEc 430 HOME MANAGEMENT HOUSE**

4 hours. Offered 1974-75 and alternate years. Principles underlying management of a home are put into practice during residence in the Home Management House or in a field experience. Some class work giving study of social and economic problems found in the home. Includes a unit on use and care of household equipment.

### **HEc 495 SPECIAL STUDY**

1-4 hours. Special research by permission of instructor.

## **MATHEMATICS (B.S. Degree)**

### **Major Requirements**

A minimum of 32 approved hours in mathematics beyond Mth 202 Multivariable Calculus, 29 of which

must be upper division, is required. In addition, the student must complete Ph 101, 102, 103 General Physics to fulfill the general education requirement in symbolics.

## **Lower Division**

### **Mth 111, 112, 113 ESSENTIALS OF MATHEMATICS**

3 hours each term. A study of the structures of arithmetic. Includes number bases, group and set theory, module systems, mathematical proof, and functions. Does not apply toward a mathematics major.

### **Mth 117, 118 INTRODUCTION TO FINITE MATHEMATICS**

4 hours each term. The elements of set theory, logic, probability, vectors and matrices, linear programming, and the theory of games, with applications to the economic and social sciences.

### **Mth 120 MATHEMATICS LABORATORY**

1-3 hours. Offered each term. Individually designed mathematical training to meet specific goals of each student. Does not apply toward a mathematics major.

### **Mth 121 COLLEGE ALGEBRA**

4 hours. A study of sets, number fields, relations, functions, graphs, equations of lines and conics, trigonometric functions and their interrelationships, and elements of linear algebra.

### **Mth 122, 123 CALCULUS WITH ANALYTIC GEOMETRY**

4 hours each term. A study of limits, continuity, differentiation with applications, Riemann integral, conics, exponential functions, analytic geometry, vectors, and methods of integration. Prerequisite: Mth 121 College Algebra or equivalent.

### **Mth 201, 202 MULTIVARIABLE CALCULUS**

4 hours each term. A study of multiple integration, partial differentiation, multidimensional vectors, infinite series, and elements of linear algebra. Prerequisite: Mth 123 Calculus with Analytic Geometry or equivalent.

### **Mth 210 BASIC PROGRAMMING**

3 hours. An introduction to computers, coding, and programming by use of BASIC as a computer language.

### **Mth 220 FORTRAN PROGRAMING**

3 hours. Coding and programing data in the FORTRAN computer language as applied to the solution of scientific and engineering problems.

### **Mth 230 COBAL PROGRAMING**

3 hours. Coding and programing data in the COBAL computer language as applied to data processing of business information.

## **Upper Division**

### **Mth 310 DIFFERENTIAL EQUATIONS**

3 hours. A study of the theory, methods of solution, and applications of ordinary differential equations. This includes series solution and Laplace transforms. Prerequisite: Mth 201, 202 Multivariable Calculus.

### **Mth 321, 322, 323 MODERN ALGEBRA**

3 hours each term. Offered 1975-76 and alternate years. A study of groups, fields, rings, integral domains, vector spaces, matrices, polynomials, determinants, and algebraic number systems. Prerequisite: Mth 201, 202 Multivariable Calculus.

### **Mth 331, 332 PROBABILITY AND STATISTICS**

3 hours each term. Offered 1974-75 and alternate years. A study of sample spaces, combinatorial methods, discrete and continuous distributions, sampling, estimating parameters, and testing hypotheses. Prerequisite: Mth 201, 202 Multivariable Calculus.

### **Mth 400 NUMERICAL ANALYSIS**

3 hours. Offered 1974-75 and alternate years. A study of solution of equations, polynomial approximations, and differential equations.

### **Mth 411, 412 MODERN GEOMETRY**

3 hours each term. Offered 1975-76 and alternate years. A study of advanced Euclidian, projective, and non-Euclidian geometry. Elements of topology. Prerequisite: Mth 201, 202 Multivariable Calculus.

### **Mth 421, 422 ADVANCED CALCULUS**

5 hours each term. Offered 1974-75 and alternate years. A rigorous treatment of topics introduced in lower division calculus with a study of more advanced topics basic to the study of real and complex variables. Prerequisite: Mth 201, 202 Multivariable Calculus.

### **Mth 423 COMPLEX VARIABLES**

3 hours. Offered 1974-75 and alternate years. A study of the calculus of complex variables to include: Cauchy's Theorem, residues, and contour integration. Prerequisite: Mth 421, 422 Advanced Calculus.

### **Mth 440 TEACHING OF MATHEMATICS**

3 hours. Identical with Ed 440.

### **Mth 485 SELECTED TOPICS**

3 hours. A variety of topics may be offered reflecting special interests of faculty or visiting professors. Prerequisite: Upper division standing in mathematics.

### **Mth 495 SPECIAL STUDY**

1-3 hours. Instructional programs organized to meet specified objectives of upper division students. A total of not more than six hours may be taken.

## **PHYSICS**

### **Lower Division**

### **Ph 201, 202, 203 GENERAL PHYSICS**

4 hours each term. Key concepts of physics as related to modern living. Examples, problems, and laboratory are drawn from practical situations where mechanics, energy crisis, electricity, magnetism, electronic devices, light, sound, etc. are involved. Two lectures, a programmed lesson, and one laboratory weekly.

### **Upper Division**

### **Ph 350 BASIC ELECTRONICS AND CIRCUITS**

4 hours. Offered 1975-76 and alternate years. Electrical principles of elementary circuitry that is involved in instrumentation to include power supplies, recorders, oscillators, amplifiers, etc. Application to physical, chemical, and biological research equipment is emphasized. Three lectures and one laboratory period per week. Prerequisite: Ph 203 General Physics or GSc 102 Foundations of Physics.

### **Ph 485 SELECTED TOPICS**

3-4 hours. Classes organized to meet specific interest of students and to utilize guest lecturers as available.

### **Ph 495 SPECIAL STUDY**

1-4 hours. Instructional programs to meet specific objectives of individual students as approved by the division chairman.

# **Division of Religion**

Basic objectives of the division are:

1. To give every student opportunity for systematic Bible study and Christian interpretation through required and elective courses.
2. To provide preprofessional studies basic to pastoral, evangelistic, educational, and missionary ministry of the Christian faith.
3. To provide a fund of biblical knowledge and consistent teaching methodology for those who plan to serve as Christian education directors, Sunday school teachers, youth or adult leaders, and social workers.
4. To enable students through a study of philosophy to participate in formal thinking about problems of nature, knowledge, and value with the aim of increasing awareness of the force of ideas in the world.

## **RELIGION (B.A. Degree)**

### **Major Requirements**

A major in religion requires the completion of 60 hours elected from the four fields of courses offered in the division, plus Communication Arts, distributed as follows: a minimum of twelve hours in Bible, eight hours in Christian education, twelve hours in religion, and eight hours in philosophy. A minimum of 24 hours shall be from upper division courses. All religion majors are required to include CEd 110 Essentials of Christian Education, R 380 Basic Christian Beliefs (or R 403 Christianity in the Modern World), one course in communication arts, four or five hours, and to complete the requirements for a Bachelor of Arts degree.

### **Interdisciplinary Majors**

An interdisciplinary major may be elected from the fields of religion and music or religion and physical education. A minimum of 72 term hours is required for the major and must be distributed as follows: a minimum of 36 hours in religion; an additional eighteen hours in either music or physical education, and nine hours in two of the following fields: art, education, psychology, science, communication arts, drama, sociology, business, Spanish, political science, and music (for religion and physical education majors) or physical education (for religion and music majors). A student may elect one eighteen-hour block rather than two nine-hour blocks.

Students electing the interdisciplinary major in religion and music or religion and physical education will consult with advisors in the Division of Religion for specific courses recommended in each of the four fields in religion. One course in communication arts, four or five hours, must be elected and may be counted within the 36 hour major requirement. Those electing an interdisciplinary major in religion and music or religion and physical education will complete the requirements for a Bachelor of Arts degree. For the specific requirements in music or physical education, see the appropriate section of the catalog.

### **BIBLE**

#### **Lower Division**

##### **GE 101, 102, 103 LITERATURE OF THE BIBLE**

3 hours each term. A survey of the Bible using selected books and portions. The major religious themes and their literary forms will be studied in historic context with attention given to the tools for biblical study useful in handling the problems of authorship, text, and interpretation.

##### **B 201, 202, 203 SECOND-YEAR NEW TESTAMENT GREEK**

4 hours each term. Offered 1975-76 and alternate years. Identical with Gr 201, 202, 203. See Division

III for description of the course and prerequisite. Students seeking to satisfy the lower division foreign language requirement must register for Gr 201, 202, 203.

**B 240 OLD TESTAMENT POETRY**

3 hours. A study of the poetical books: Job, Psalms, Proverbs, Ecclesiastes, and the Song of Solomon. Emphasis will be placed on the great themes of these books as well as upon the forms of poetry, drama, and wisdom literature. Reference will be made to the Apocrypha.

**B 260 THE SYNOPTIC GOSPELS**

3 hours. A study of the life and teaching of Jesus Christ as given in the accounts of Matthew, Mark, and Luke.

**B 270 THE WRITINGS OF JOHN**

3 hours. A study of the meaning of belief in Jesus Christ, the Son of God, as depicted in Johannine literature: the Gospel, letters, and Apocalypse.

**Upper Division**

Courses marked with asterisks (\*) will satisfy general education religion requirements.

**B 301, 302, 303 SECOND-YEAR NEW TESTAMENT GREEK**

4 hours each term. Identical with B 201, 202, 203 and Gr 201, 202, 203, but upper division.

**B 311, 312 OLD TESTAMENT HISTORY AND ARCHEOLOGY\***

4 hours each term. Offered 1975-76 and alternate years. A study of the text of the historical books of the Old Testament, along with an examination of archaeological findings related to the biblical places and events. B 311 includes Genesis through Joshua; B 312 includes Judges through Esther. B 311 is not prerequisite to B 312.

**B 330 OLD TESTAMENT PROPHETS\***

4 hours. Offered 1975-76 and alternate years. A study of historical backgrounds, literature, and spiritual themes of the books of the Hebrew prophets, Isaiah to Malachi.

**B 340 OLD TESTAMENT POETRY\***

3 hours. Identical with B 240 for upper division students.

**B 360 THE SYNOPTIC GOSPELS\***

3 hours. Identical with B 260 for upper division students.

**B 370 THE WRITINGS OF JOHN\***

3 hours. Identical with B 270 for upper division students.

**B 400 THE ACTS\***

4 hours. Offered 1974-75 and alternate years. A study of the New Testament church as shown in The Acts.

**B 410 PAUL'S EPISTLES\***

4 hours. Offered 1974-75 and alternate years. A study of the New Testament church as reflected in the writings of Paul. The Epistles and their doctrines will be related to the evangelistic activities as reported in The Acts.

**B 480 HEBREWS AND THE GENERAL EPISTLES\***

4 hours. Offered 1974-75 and alternate years. A study of the non-Pauline letters of the New Testament.

**CHRISTIAN EDUCATION**

**Lower Division**

**CED 110 ESSENTIALS OF CHRISTIAN EDUCATION**

3 hours. A study of the scope of Christian education to acquaint the student with the overall nature of the educational task of the local church.
